

UD LIGHTWEIGHT BUTT STOCK HIGH BLACK ANODIZED

UD LIGHTWEIGHT BUTT STOCK Introducing the UD Lightweight Butt Stock, crafted from solid 6061 T6 aluminum for optimal balance between weight and strength. Engineered for lightweight rifle builds without compromising durability. Adjustable in Length of Pull (LOP) from 13" to 14" with removable spacers, and four options for cheek heights, it offers tailored comfort to nearly any shooter. Additional spacers and separate cheek pieces are readily available for purchase if needed, ensuring a personalized fit. Regardless of spacer configuration out to four spacers, installation remains seamless, utilizing the same screws for all orientations. Designed with user comfort in mind, it features an ergonomic cheek piece and a QD sling interface, catering to practical needs while remaining comfortable. Weighing in at just .875 pounds, the Lightweight Butt Stock enhances your rifle's aesthetics with its sleek, one-piece design while minimizing additional weight. A bag rider is also available to purchase for enhanced stability. With ten cerakote colors to choose from, matching this butt stock to the UD Chassis is effortless, allowing for a cohesive, personalized look. Achieve weights as low as 1.9 pounds when paired with the UD Chassis. The butt stock is equipped with the Ultradyn recoil pad for enhanced user experience, and installation remains effortless even when adjusting spacer configurations. Being compatible with any Mil-Spec buffer tube interface allows installation to be hassle-free with the provided castle nut. Switch the butt stock over from your AR to your bolt action build by simply unscrewing it and changing out the cheek piece.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms equipped with the butt stock.
- Ensure your firearm is unloaded before installing or adjusting the butt stock.
- Do not exceed the recommended Length of Pull (LOP) adjustments to avoid discomfort or improper handling.
- When using the cheek piece, ensure it is securely attached and adjusted to your preferred height.
- Periodically check the screws and attachments to ensure they are secure and in good condition.
- Be aware of your surroundings and ensure a safe shooting environment before firing your weapon.

Instructions for Installation and Usage

Installation

1. **Remove the Old Butt Stock:** If applicable, unscrew the existing butt stock from the buffer tube.
2. **Prepare the UD Lightweight Butt Stock:** Ensure that the spacers are adjusted to your desired Length of Pull (LOP) before installation.
3. **Attach the Butt Stock:**
 - Align the butt stock with the buffer tube.
 - Use the provided screws and castle nut to secure the butt stock to the buffer tube.
4. **Adjust the Cheek Piece:** Select the desired cheek height and securely attach it to the butt stock.
5. **Check Stability:** Ensure that the butt stock is firmly attached and does not wobble.

Usage

- Adjust the Length of Pull (LOP) by adding or removing spacers as needed.
- Utilize the ergonomic cheek piece for comfort during shooting.
- Make use of the QD sling interface for attaching slings securely.
- Regularly inspect the installation and condition of the butt stock during use.

Disposal Instructions

- Dispose of the butt stock in accordance with local regulations regarding metal waste.
- If the product is damaged beyond repair, ensure it is disposed of safely to prevent any potential hazards.
