Introduction

Thank you for choosing the MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M. This product is designed to enhance your experience with the CellVault5M Modular Battery Storage Case by allowing you to customize your battery storage needs. To ensure your safety and the optimal use of this product, please read and follow the safety instructions provided in this guide.

General Safety Guidelines

- Always use the product as intended and follow the instructions carefully.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental ingestion or misuse.
- Regularly inspect the product for any signs of damage or wear. Do not use if damaged.
- Do not expose the product to extreme temperatures, moisture, or direct sunlight.
- Ensure that batteries are inserted correctly according to the markings on the inserts to prevent short circuits or leaks.
- Dispose of batteries properly according to local regulations. Never dispose of batteries in fire.

Specific Safety Precautions for Use

- Avoid mixing different types of batteries (e.g., AA with AAA or rechargeable with nonrechargeable).
- Do not attempt to modify or disassemble the battery inserts.
- If a battery leaks, handle it with care. Use gloves and do not touch the leaked material directly. Dispose of it according to local hazardous waste guidelines.
- If you notice any unusual odors, heat, or swelling from the batteries, remove them from the storage case immediately and dispose of them safely.
- Do not use the product in environments where it may be exposed to water or other liquids.

Instructions for Installation and Usage

1. Installation of Modular Inserts:

- Open the CellVault5M Modular Battery Storage Case.
- Remove any existing inserts if necessary.
- Choose the appropriate Modular Insert Pak for your battery type (AA, AAA, CR123/16650, 18350, 18650, or 1632).
- Align the insert with the designated slots in the CellVault5M and press down firmly until secure.

2. Loading Batteries:

- Ensure that the batteries are clean and free from corrosion.
- Insert the batteries into the modular inserts according to the polarity markings (+ and -).
- Do not force batteries into the inserts; they should fit snugly without excessive pressure.

3. Using the Storage Case:

- Once loaded, close the CellVault5M securely.
- Store the case in a cool, dry place.
- When you need to access the batteries, open the case carefully and remove the required batteries.

Disposal Instructions

- Dispose of the Modular Battery Insert Pak and any used batteries in accordance with local waste disposal regulations.
- Do not throw batteries in household trash. Instead, take them to a designated recycling or disposal facility.
- For any remaining components of the product, check local guidelines for proper disposal methods.
