

.625 DIA KNURLED THREAD PROTECTOR 5-8X24 THREAD - REMINGTON .625" DIA KNURLED THREAD PROTECTOR 5/8X24" THREAD SILVER

REMINGTON .625" DIA KNURLED THREAD PROTECTOR 5-8X24" THREAD The Remington .625" Diameter Knurled Thread Protector, 5/8x24, Silver is a precision-machined barrel accessory designed to shield exposed muzzle threads while maintaining a clean, professional appearance. Built for rifles threaded 5/8x24—a common pattern for many Remington centerfire platforms—this protector prevents damage, corrosion, and carbon fouling when a muzzle device or suppressor is not installed. Its knurled exterior provides a secure grip for tool-free installation and removal, while the silver finish complements stainless barrels and custom builds. The .625" outside diameter offers a sleek, low-profile look that blends cleanly with lightweight sporter and hunting contours. **FEATURES** 5/8x24 Thread Fit — Compatible with standard 5/8x24 muzzle threads used on many .30-caliber and magnum Remington rifles. Knurled Grip — Textured exterior ensures positive grip for easy installation and removal without tools. .625" Outside Diameter — Slim, streamlined profile ideal for sporter and lightweight barrel contours. Steel Construction — Durable, impact-resistant material protects threads from damage in the field or during transport. Silver Finish — Matches stainless barrels and custom builds while offering corrosion resistance. Protects Muzzle Threads — Prevents cross-threading, deformation, and debris buildup when no device is installed. Easy Installation — Installs by hand; no tools required. **NOTE:** These items are a new, authentic products acquired directly from Remington's OEM inventory. This item is guaranteed to be unused and fully functional.

Safety Instruction Guide for Remington .625" DIA Knurled Thread Protector 5/8x24

Introduction

Thank you for choosing the Remington .625" Diameter Knurled Thread Protector 5/8x24. This guide provides essential safety information and instructions to ensure the safe and effective use of your thread protector. Please read this document carefully before use.

General Safety Guidelines

- **Product Safety:** This product is designed for safe use as a barrel accessory. Ensure you follow all guidelines to mitigate any risks associated with its use.
- **Enhanced Recalls:** In the event of a product recall, you will be informed through standardized notices. Please stay updated on any recall announcements.
- **Online Shopping Safety:** If purchased online, ensure that the retailer complies with safety requirements similar to physical stores.
- **Vulnerable Groups:** This product is not intended for use by children. Keep out of reach of minors to prevent misuse.
- **EU Contact Point:** For any safety inquiries, please refer to the EU contact point provided by the retailer or manufacturer.
- **Rapid Alerts:** Stay informed about unsafe products through the EU's Safety Gate platform. Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Installation and Removal:** Always ensure that the thread protector is securely installed before handling the firearm. Use a firm grip on the knurled exterior for easy installation and removal.
- **Inspection:** Regularly inspect the thread protector for signs of wear, damage, or corrosion. Do not use if damaged.
- **Compatibility:** Ensure that the thread protector is compatible with your firearm's muzzle threads (5/8x24) to avoid crossthreading or damage.
- **Handling:** Handle the thread protector with care to avoid injury. Avoid dropping or striking it against hard surfaces.
- **Storage:** Store the thread protector in a cool, dry place when not in use. Avoid exposure to moisture to prevent corrosion.

Instructions for Installation and Usage

1. **Preparation:**
 - Ensure the firearm is unloaded and pointed in a safe direction.
 - Clean the muzzle threads to remove any debris or fouling.
2. **Installation:**
 - Align the thread protector with the muzzle threads.
 - Handtighten the protector by turning it clockwise until secure. Do not use tools to tighten, as this may damage the threads.
3. **Removal:**
 - To remove, grip the knurled exterior and turn counterclockwise until it is free from the muzzle threads.
4. **PostUse Care:**
 - After removal, inspect the thread protector for any signs of wear or damage.
 - Clean the threads of the firearm before installing any muzzle device or suppressor.

Disposal Instructions

- Dispose of the thread protector in accordance with local regulations. Do not dispose of it in regular household waste if it is damaged or contains hazardous materials.
- If the product is no longer functional, consider recycling options available in your area.
