

GRIP INSERTS - RANSOM GRIP INSERTS FOR ATLAS DEVELOPMENT GROUP ATLAS

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Sicherheitshinweise für die Verwendung der GRIP INSERTS RANSOM GRIP INSERTS FÜR ATLAS

Einführung

Willkommen zu den Sicherheitshinweisen für die GRIP INSERTS RANSOM GRIP INSERTS FÜR ATLAS. Diese Inserts sind speziell entwickelt worden, um die Leistung deines Ransom Rest zu verbessern. Es ist wichtig, diese Sicherheitshinweise zu beachten, um eine sichere Verwendung und optimale Ergebnisse zu gewährleisten.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die Inserts nur mit dem Master Series Ransom Rest verwendest.
- Verwende keine harten Grip Inserts oder 3Dgedruckten Kunststoffinserts, da diese deinem Gewehr schaden können.
- Achte darauf, dass alle Sicherheitsvorkehrungen getroffen werden, um Verletzungen zu vermeiden.
- Halte dich über Rückrufaktionen und Sicherheitswarnungen auf dem Laufenden, insbesondere über die EU Safety Gate Plattform.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Harte Inserts können destruktive Rückstoßenergie erzeugen, die dein Gewehr beschädigen kann.
- Die Verwendung von harten Inserts kann die Lebensdauer des Laufs und des Gewehrs verringern.
- Verletzungen oder sogar tödliche Unfälle können durch die Verwendung ungeeigneter Inserts verursacht werden.
- Achte darauf, dass du die Inserts regelmäßig auf Abnutzung überprüfst.

Anweisungen für Installation und Verwendung

1. Installation der Inserts:

- Stelle sicher, dass der Ransom Rest auf einer stabilen Fläche steht.
- Entferne alle alten Inserts, bevor du die neuen GRIP INSERTS installierst.
- Setze die GRIP INSERTS vorsichtig in die vorgesehenen Halterungen ein, bis sie fest sitzen.

2. Verwendung der Inserts:

- Halte den Ransom Rest während der Nutzung fest und stabil.
- Achte darauf, dass die Inserts die Vibrationen und den Rückstoß absorbieren, um eine präzise Schussabgabe zu gewährleisten.
- Überwache die Leistung des Ransom Rest und der Inserts während des Schießens.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für Kunststoffabfall.
- Achte darauf, dass du die Inserts nicht im normalen Hausmüll entsorgst, um die Umwelt zu schützen.

Kontaktinformationen für weitere Unterstützung

Für weitere Informationen oder Unterstützung wende dich bitte an den Hersteller oder deinen Händler. Stelle sicher, dass du alle Sicherheitsrichtlinien befolgst und bei Fragen oder Unsicherheiten Rücksprache hältst.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR ATLAS

DEVELOPMENT GROUP ATLAS

Introduction

Thank you for choosing the Ransom International Grip Inserts for your Master Series Ransom Rest. This guide provides essential safety instructions and precautions to ensure the safe and effective use of our product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure safe use of the Ransom Grip Inserts by following all instructions provided in this guide.
- Be aware that improper use of hard grip inserts or 3Dprinted plastic grip inserts can cause damage to your firearm.
- Understand that the inserts are designed to replicate the durometer of the human hand, absorbing recoil and vibration effectively.
- Always use the Ransom Grip Inserts as intended, and avoid using incompatible products that may compromise safety.
- Regularly check for updates or recalls related to the product on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted plastic grip inserts. These can generate destructive recoil energy that may harm your firearm.
- **Understand Recoil Dynamics:** Recognize that every action has an equal and opposite reaction. Using hard inserts can lead to excessive vibration and recoil that may damage the firearm.
- **Monitor for Damage:** Inspect your firearm regularly for signs of wear or damage that may result from improper use of grip inserts.
- **Use as Intended:** Ensure that the inserts are used exclusively with the Ransom Rest system for optimal performance.
- **Consider User Safety:** Be aware that improper use may not only damage the firearm but could also lead to personal injury or accidents.

Instructions for Installation and Usage

1. Installation:

- Carefully remove the Ransom Grip Inserts from their packaging.
- Ensure that the inserts are clean and free from any debris before installation.
- Align the inserts with the designated areas on the Master Series Ransom Rest.
- Secure the inserts according to the manufacturer's instructions, ensuring a snug fit.

2. Usage:

- Before each use, check the inserts to ensure they are properly installed and in good condition.
- When using the Ransom Rest, ensure that the firearm is correctly positioned and secured.
- Take note of the recoil dynamics. The inserts are designed to absorb the initial recoil, allowing for more accurate testing.
- Avoid using the Ransom Rest in an environment that may compromise its stability or safety.

3. PostUsage:

- After use, inspect the inserts and the firearm for any signs of damage or wear.
- Clean the inserts as necessary to maintain their performance and longevity.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not dispose of inserts in a manner that may cause environmental harm.
- If unsure about proper disposal methods, consult local waste management authorities for guidance.

Contact Information for Further Support

For any inquiries or concerns regarding the Ransom Grip Inserts, please refer to the manufacturer's contact information provided with your product packaging. It is important to reach out for support if you have questions about safe use or product performance.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure the safe and effective use of your Ransom Grip Inserts, thereby enhancing your shooting experience while maintaining the integrity of your firearm.

Istruzioni di Sicurezza per GRIP INSERTS RANSOM

Introduzione

Grazie per aver scelto i GRIP INSERTS RANSOM per il tuo Ransom Rest. Questo prodotto è progettato per migliorare la tua esperienza di tiro, garantendo prestazioni ottimali e sicurezza. Leggi attentamente queste istruzioni di sicurezza per assicurarti di utilizzare il prodotto in modo corretto e sicuro.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo i GRIP INSERTS RANSOM e di non sostituirli con inserti rigidi o in plastica stampati in 3D.
- Controlla regolarmente il tuo Ransom Rest e gli inserti per segni di usura o danni.
- Utilizza il prodotto in un ambiente sicuro e controllato, lontano da bambini e animali domestici.
- Segnala eventuali prodotti difettosi o incidenti alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- **Assorbimento degli urti:** I GRIP INSERTS sono progettati per assorbire le vibrazioni e il rinculo, riducendo il rischio di danni all'arma.
- **Controllo delle forze:** Gli inserti controllano le forze di vibrazione e rinculo, evitando potenziali infortuni.
- **Design umano:** Gli inserti imitano il duometro della mano umana, migliorando la stabilità e il controllo durante il tiro.
- Non utilizzare inserti rigidi, poiché possono danneggiare l'arma e ridurre la sua vita utile.

Istruzioni per l'Installazione e l'Uso

1. Installazione:

- Rimuovi eventuali inserti esistenti dal tuo Ransom Rest.
- Pulisci la superficie di contatto per garantire una buona aderenza.
- Inserisci i GRIP INSERTS RANSOM seguendo le istruzioni specifiche del produttore.

2. Uso:

- Posiziona il Ransom Rest su una superficie stabile e sicura.
- Assicurati che gli inserti siano correttamente installati prima di iniziare a tirare.
- Effettua controlli regolari per verificare che gli inserti siano in buone condizioni.

Istruzioni per lo Smaltimento

- Gli inserti Ransom devono essere smaltiti in conformità con le normative locali sui rifiuti.
- Non gettare gli inserti nel normale cestino. Controlla le disposizioni per il riciclaggio nella tua area.
- Se gli inserti sono danneggiati, seguire le linee guida per lo smaltimento dei materiali pericolosi, se applicabile.
