

GRIP INSERTS - RANSOM GRIP INSERTS FOR STEYR GB

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

RANSOM GRIP INSERTS FÜR STEYR GB

Einleitung

Herzlichen Glückwunsch zu deinem Kauf der RANSOM INTERNATIONAL GRIP INSERTS! Diese Einsätze sind speziell für den Master Series Ransom Rest entwickelt worden, um optimale Leistung und Sicherheit bei der Verwendung deiner Waffe zu gewährleisten. Bitte lese diese Sicherheitshinweise sorgfältig durch, um sicherzustellen, dass du die Produkte sicher und effektiv nutzt.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass die RANSOM GRIP INSERTS nur mit den dafür vorgesehenen Waffen und Geräten verwendet werden.
- Achte darauf, dass du alle Anweisungen und Warnhinweise in dieser Anleitung befolgst.
- Halte die Einsätze und die Waffe außerhalb der Reichweite von Kindern und unbefugten Personen.
- Überprüfe regelmäßig den Zustand der Einsätze und der Waffe, um sicherzustellen, dass sie keine Beschädigungen aufweisen.
- Melde unsichere Produkte oder Vorfälle umgehend den zuständigen Behörden.

Besondere Sicherheitsvorkehrungen bei der Nutzung

- Vermeide die Verwendung von harten oder 3Dgedruckten Einsätzen, da diese die Waffe beschädigen können.
- Achte darauf, dass die Einsätze richtig installiert sind, um die Funktionalität und Sicherheit zu gewährleisten.
- Verwende die Einsätze nur in Kombination mit dem Master Series Ransom Rest, um optimale Testergebnisse zu erzielen.
- Sei dir bewusst, dass harte Einsätze destruktive Rückstoßenergie erzeugen, die die Waffe schädigen kann.
- Halte dich an die empfohlenen Testmethoden, um genaue Ergebnisse zu erzielen.

Anweisungen zur Installation und Nutzung

1. Installation der Grip Inserts:

- Stelle sicher, dass die Waffe entladen ist, bevor du mit der Installation beginnst.
- Entferne die alten Einsätze aus dem Ransom Rest, falls vorhanden.
- Setze die RANSOM GRIP INSERTS vorsichtig in die vorgesehenen Halterungen ein, bis sie fest sitzen.
- Überprüfe die Installation, um sicherzustellen, dass die Einsätze korrekt und sicher angebracht sind.

2. Nutzung der Grip Inserts:

- Platziere die Waffe sicher im Ransom Rest und stelle sicher, dass sie stabil sitzt.
- Beginne mit dem Schießen und beobachte die Reaktion der Waffe.
- Die Einsätze absorbieren Vibrationen und Rückstoßkräfte, sodass du realistische Testergebnisse erhältst.
- Achte darauf, dass du die Waffe während des Schießens nicht unnötig bewegst, um genaue Messungen zu gewährleisten.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Grip Inserts gemäß den örtlichen Vorschriften für die Entsorgung von Kunststoff oder Metallabfällen.
- Stelle sicher, dass alle Teile der Einsätze sicher entsorgt werden, um Umweltschäden zu vermeiden.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR STEYR GB

Introduction

Thank you for choosing the Ransom International Grip Inserts for your Steyr GB. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the Grip Inserts are used only in accordance with the manufacturer's instructions.
- Regularly inspect the inserts for wear or damage before each use.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts, as they may cause damage to your firearm and compromise safety.
- Always follow local laws and regulations regarding the use of shooting accessories.
- Keep the product out of reach of children and unauthorized users.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Hard grip inserts can generate destructive recoil energy that may damage your firearm. Always use the specifically designed Ransom Grip Inserts.
- **Mimic Human Recoil:** The inserts are designed to replicate the natural recoil of a human hand. Using incorrect inserts may lead to inaccurate testing results.
- **Monitor for Damage:** Inspect your firearm and the grip inserts regularly for any signs of wear or damage that could affect performance.
- **Proper Handling:** Always handle firearms responsibly and ensure that the firearm is unloaded when not in use or when installing the grip inserts.
- **User Awareness:** Be aware that improper use or installation of the grip inserts may lead to injury or damage to the firearm.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and in a safe position before proceeding.
- Gather all necessary tools and materials for installation.

2. Installation:

- Remove any existing grip inserts from your firearm.
- Carefully align the Ransom Grip Inserts with the grip frame of your firearm.
- Securely attach the inserts according to the manufacturer's guidelines. Ensure that they are fitted snugly to avoid any movement during use.

3. Usage:

- Once installed, use the Ransom Rest with the Grip Inserts for testing purposes.
- Always monitor the firearm and the inserts during use for any signs of malfunction or damage.
- Follow standard shooting practices and safety protocols while using your firearm.

4. PostUse Care:

- After use, inspect the grip inserts for any signs of wear or damage.
- Clean the inserts as recommended by the manufacturer to maintain their performance.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not throw the inserts into regular waste. Instead, consider recycling options if available.
- Ensure that any disposed items do not pose a risk to the environment or public safety.

Contact Information for Further Support

For any inquiries or support regarding the Ransom Grip Inserts, please refer to the manufacturer's official website or contact your local distributor. It is essential to have a reliable point of contact for any safety-related questions or concerns.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the Ransom International Grip Inserts for your Steyr GB. Remember that safety is paramount when handling firearms and shooting accessories. Thank you for your attention to these guidelines, and enjoy your shooting experience responsibly.
