

GRIP INSERTS - RANSOM GRIP INSERTS BROWNING BDA/SIG SAUER P-220 EURO MODEL

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS BROWNING BDA/SIG SAUER P-220 EURO MODEL
- Manufacturer: RANSOM
- Product no.: 430119311
- Mfr. No.: 30-300-05-02
- Delivery weight: 0.907kg
- Shipping height: 152mm
- Shipping width: 152mm
- Shipping length: 152mm
- UPC: 810132580406

Sicherheitshinweise für GRIP INSERTS RANSOM GRIP INSERTS BROWNING BDA/SIG SAUER P220 EURO MODEL

Einführung

Herzlichen Glückwunsch zu deinem Kauf der GRIP INSERTS RANSOM GRIP INSERTS für dein Schießequipment. Diese Anleitung bietet dir wichtige Informationen zur sicheren Verwendung, Installation und Entsorgung der Inserts. Bitte lies die folgenden Hinweise sorgfältig durch, um die Sicherheit und den effektiven Einsatz deiner Produkte zu gewährleisten.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die GRIP INSERTS nur mit dem vorgesehenen Schießequipment verwendest.
- Überprüfe regelmäßig die Inserts auf Beschädigungen oder Abnutzung, bevor du sie verwendest.
- Verwende keine harten oder 3Dgedruckten Inserts, da diese deinem Gewehr schaden können.
- Halte die Inserts außerhalb der Reichweite von Kindern und schütze sie vor unsachgemäßer Handhabung.
- Melde unsichere Produkte oder Unfälle den zuständigen Behörden.

Besondere Sicherheitsvorkehrungen für die Verwendung

- Achte darauf, dass die Inserts korrekt installiert sind, um ihre Funktionalität zu gewährleisten.
- Verwende die Inserts nur in Kombination mit dem Ransom Rest, um die bestmögliche Leistung zu erzielen.
- Vermeide die Verwendung von harten Inserts, da diese Rückstoßenergie erzeugen, die deinem Gewehr schaden kann.
- Sei dir bewusst, dass Schäden möglicherweise nicht sofort sichtbar sind, sich jedoch mit jedem Schuss ansammeln können.

Anweisungen zur Installation und Nutzung

1. Installation der GRIP INSERTS:

- Stelle sicher, dass das Schießequipment sicher auf einer stabilen Fläche steht.
- Entferne alle bestehenden Inserts, falls vorhanden.
- Setze die GRIP INSERTS vorsichtig in den vorgesehenen Bereich ein, bis sie fest sitzen.
- Überprüfe, ob die Inserts korrekt und sicher angebracht sind.

2. Nutzung der GRIP INSERTS:

- Stelle sicher, dass das Gewehr korrekt in den Ransom Rest eingesetzt ist.
- Achte darauf, dass die Inserts die Vibrationen und Rückstoßkräfte absorbieren, um die Genauigkeit deiner Schüsse zu verbessern.
- Führe regelmäßige Tests durch, um sicherzustellen, dass die Inserts ordnungsgemäß funktionieren.

Entsorgungsanweisungen

- Entsorge die GRIP INSERTS gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Achte darauf, dass die Inserts nicht im normalen Hausmüll entsorgt werden, um die Umwelt zu schützen.
- Informiere dich über Recyclingmöglichkeiten in deiner Nähe.

Kontaktinformationen für weitere Unterstützung

Wenn du Fragen oder Bedenken hast, wende dich bitte an den Hersteller oder einen autorisierten Händler. Sie stehen dir zur Verfügung, um dir bei deinen Anliegen zu helfen.

Bitte beachte, dass die Verwendung der GRIP INSERTS gemäß den oben genannten Anweisungen die Sicherheit und Effektivität deines Schießequipments maximiert. Achte darauf, die Hinweise regelmäßig zu überprüfen und bei Bedarf anzupassen.

Safety Instruction Guide for GRIP INSERTS RANSOM GRIP INSERTS BROWNING BDA/SIG SAUER P220 EURO MODEL

Introduction

Thank you for choosing the Ransom International Grip Inserts for your Master Series Ransom Rest. These inserts are designed to enhance your shooting experience by mimicking the natural recoil absorption of the human hand. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Always ensure safe use of the grip inserts. Improper use can lead to damage to your firearm and potential injury.
- **Enhanced Recalls:** Stay informed about any recalls associated with this product. If a recall is issued, follow the provided instructions for remedies.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety requirements to guarantee a safe product.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored out of reach of minors.
- **EU Contact Point:** For any safety inquiries or concerns, refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Keep updated on product safety via the EU's Safety Gate platform for alerts on unsafe products.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted plastic grip inserts. These can cause damage to your firearm by generating destructive recoil energy.
- **Understand Recoil Dynamics:** Remember that vibration and recoil cannot be eliminated; they must be controlled. The inserts are designed to absorb these forces.
- **Monitor for Damage:** Regularly inspect your firearm for any signs of wear or damage that may result from improper use of grip inserts.
- **Use Properly:** Ensure that the grip inserts are installed correctly to avoid compromising the functionality of your Ransom Rest and firearm.
- **Follow Testing Protocols:** When conducting tests, always mimic humanlike recoil to achieve accurate results. Hard inserts will not provide reliable data.

Instructions for Installation and Usage

1. Installation:

- Ensure that your Ransom Rest is on a stable surface.
- Remove any existing grip inserts from the Ransom Rest.
- Align the Ransom International Grip Inserts with the designated slots in the Ransom Rest.
- Press firmly to secure the inserts in place, ensuring they are flush with the rest.

2. Usage:

- Place your firearm securely in the Ransom Rest, ensuring it is properly aligned.
- Conduct your shooting tests as per the recommended protocols, focusing on maintaining stability

- and control.
- After each use, inspect the grip inserts for wear and tear.

3. Avoiding Damage:

- Never use hard or 3Dprinted inserts with your Ransom Rest.
- Monitor the condition of your firearm and the grip inserts regularly to prevent any longterm damage.

Disposal Instructions

- Dispose of any damaged or worn grip inserts according to local regulations for plastic waste.
- Do not dispose of the product in regular household waste if it is damaged or considered hazardous.
- Contact local waste management services for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of Ransom International Grip Inserts, please refer to the manufacturer's support resources available on their official website or contact their customer service directly.

By following these safety guidelines and instructions, you can ensure a safer and more effective shooting experience with your Ransom International Grip Inserts. Thank you for your commitment to safety and responsible firearm use.

Istruzioni di Sicurezza per i Grip Inserts Ransom

Introduzione

Benvenuto nel manuale di sicurezza per i Grip Inserts Ransom progettati per l'arma Browning BDA/SIG Sauer P220 Euro Model. Questo documento fornisce informazioni importanti per garantire un uso sicuro e corretto dei Grip Inserts, conformemente alle normative di sicurezza dei prodotti dell'Unione Europea.

Linee Guida Generali di Sicurezza

- Utilizzare solo Grip Inserts Ransom progettati specificamente per il Master Series Ransom Rest.
- Non utilizzare grip inserts rigidi o in plastica stampata in 3D, poiché possono danneggiare l'arma e compromettere la sicurezza.
- Assicurarli di seguire tutte le istruzioni di installazione e utilizzo fornite.
- Tenere il prodotto lontano da bambini e gruppi vulnerabili.
- Segnalare eventuali prodotti non sicuri o incidenti alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- **Controllo del Prodotto:** Prima di utilizzare i Grip Inserts, controllare che non ci siano segni di usura o danni.
- **Uso Adeguato:** Utilizzare i Grip Inserts solo per il loro scopo previsto, ovvero per l'uso con il Master Series Ransom Rest.
- **Assorbimento delle Vibrazioni:** I Grip Inserts sono progettati per assorbire le vibrazioni e il rinculo. Non utilizzare grip inserts rigidi, poiché non forniscono lo stesso livello di assorbimento.
- **Verifica della Compatibilità:** Assicurarli che i Grip Inserts siano compatibili con il modello della propria arma.

Istruzioni per l'Installazione e l'Uso

1. **Preparazione:** Assicurarli che l'arma sia scarica e in una posizione sicura prima di installare i Grip Inserts.
2. **Installazione:**
 - Rimuovere eventuali grip inserts esistenti.
 - Posizionare i Grip Inserts Ransom nella posizione corretta secondo le indicazioni del produttore.
 - Assicurarli che gli inserts siano saldamente fissati e privi di movimenti.
3. **Utilizzo:**
 - Utilizzare il Master Series Ransom Rest per testare l'arma con i Grip Inserts installati.
 - Monitorare le prestazioni e l'assorbimento delle vibrazioni durante l'uso.
 - Non forzare l'arma o il sistema se si notano anomalie.

Istruzioni per lo Smaltimento

- Smaltire i Grip Inserts in conformità con le normative locali sui rifiuti.
- Non gettare i Grip Inserts nell'ambiente. Seguire le linee guida per il riciclaggio o il recupero dei materiali.

Informazioni di Contatto per Ulteriori Supporto

Per ulteriori informazioni o supporto, si prega di contattare il rivenditore presso il quale è stato acquistato il prodotto. Assicurarli di avere il numero di serie e la prova di acquisto a portata di mano.

Conclusione

Seguendo queste istruzioni di sicurezza, contribuirai a garantire un utilizzo sicuro e efficace dei Grip Inserts Ransom. Ricorda che la sicurezza è una responsabilità condivisa e che la corretta manutenzione e utilizzo del prodotto possono prevenire incidenti e danni.
