

GRIP INSERTS - RANSOM GRIP INSERTS FOR CZ 75 TACTICAL SPORT/CZ 75 CHECK MATE

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR CZ 75 TACTICAL SPORT/CZ 75 CHECK MATE
- Manufacturer: RANSOM
- Product no.: 430119339
- Mfr. No.: 30-300-08-07
- Delivery weight: 0.907kg
- Shipping height: 152mm
- Shipping width: 152mm
- Shipping length: 152mm
- UPC: 810132580772

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die GRIP INSERTS von RANSOM

Einleitung

Willkommen zu den Sicherheitshinweisen für die GRIP INSERTS von RANSOM, speziell entwickelt für die CZ 75 Tactical Sport und CZ 75 Check Mate. Diese Anleitung soll dir helfen, die Produkte sicher zu verwenden und potenzielle Risiken zu vermeiden.

Allgemeine Sicherheitsrichtlinien

- Achte darauf, dass alle Produkte sicher zu verwenden sind, insbesondere bei neuen Technologien und OnlineKäufen.
- Informiere dich über Rückrufaktionen und halte dich über die Sicherheitsupdates auf der EU Safety Gate Plattform auf dem Laufenden.
- Berücksichtige besondere Schutzmaßnahmen, falls du zu einer vulnerablen Gruppe gehörst, wie z.B. Kinder.
- Melde unsichere Produkte und Unfälle an die zuständigen Behörden.

Besondere Sicherheitsvorkehrungen für die Verwendung

- Verwende keine harten oder 3Dgedruckten Einsätze, da diese die Waffe beschädigen können.
- Achte darauf, dass die GRIP INSERTS korrekt installiert sind, um die Funktionalität zu gewährleisten.
- Halte die GRIP INSERTS von Feuchtigkeit und extremen Temperaturen fern, um Materialschäden zu vermeiden.
- Überprüfe regelmäßig den Zustand der GRIP INSERTS auf Abnutzung oder Beschädigungen, bevor du sie verwendest.
- Lass die GRIP INSERTS nur von autorisierten Personen installieren oder warten.

Anweisungen für Installation und Nutzung

1. Installation:

- Stelle sicher, dass die Waffe entladen ist, bevor du mit der Installation beginnst.
- Entferne die alten Griffeinsätze, falls vorhanden.
- Setze die GRIP INSERTS gemäß der Anleitung in die vorgesehenen Halterungen ein.
- Überprüfe, ob die Einsätze sicher sitzen und keine Spielräume aufweisen.

2. Nutzung:

- Halte die Waffe immer mit beiden Händen fest, um den Rückstoß optimal zu kontrollieren.
- Achte darauf, dass deine Hände trocken und frei von Öl oder Schmutz sind, um einen sicheren Halt zu gewährleisten.
- Vermeide es, die Waffe während des Schusses unnötig zu bewegen, um präzise Ergebnisse zu erzielen.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte GRIP INSERTS gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Achte darauf, dass die Einsätze nicht in die Umwelt gelangen, um eine Kontamination zu vermeiden.

Kontaktinformationen für weitere Unterstützung

Für weitere Informationen oder Unterstützung wende dich bitte an den Hersteller oder die Verkaufsstelle, bei der du das Produkt erworben hast. Sie können dir spezifische Hinweise zur Verwendung und Sicherheit geben.

Diese Sicherheitshinweise wurden erstellt, um dir eine sichere und effektive Nutzung der GRIP INSERTS von RANSOM zu ermöglichen. Achte stets auf die Sicherheit und melde potenzielle Risiken umgehend.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR CZ 75 TACTICAL SPORT/CZ 75 CHECK MATE

Introduction

Thank you for choosing the Ransom International Grip Inserts for your CZ 75 Tactical Sport or CZ 75 Check Mate. These grip inserts are designed to enhance your shooting experience by mimicking the natural feel of the human hand. However, proper usage and care are essential to ensure safety and optimal performance. This guide provides important safety instructions, precautions, and usage guidelines in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always use the grip inserts as intended and follow the instructions provided in this guide.
- Ensure that you are familiar with the operation of your firearm before using the grip inserts.
- Inspect the grip inserts regularly for signs of wear or damage.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts with your Ransom Rest, as they may cause damage to your firearm.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted plastic inserts, as they can generate destructive recoil energy that may damage your firearm.
- **Recoil Management:** Understand that vibration and recoil cannot be eliminated but can be controlled. The grip inserts are designed to absorb these forces, preventing them from transferring to the gun.
- **Regular Inspection:** Check the grip inserts frequently for any signs of degradation or failure. Replace them if they show any damage.
- **User Responsibility:** Ensure that all users of the firearm are aware of these safety guidelines and the proper use of the grip inserts.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction before installation.
- Remove any existing grip inserts from the firearm.
- Align the Ransom grip inserts with the grip area of your firearm.
- Press firmly to secure the inserts in place, ensuring a snug fit.

2. Usage:

- When using the Ransom Rest with the grip inserts, ensure that the machine is in a stable position.
- Allow the grip inserts to absorb the initial recoil and vibration of the firearm during firing.
- Monitor the performance of the grip inserts during use and make adjustments as necessary.

3. PostUse Care:

- After use, inspect the grip inserts for any signs of wear or damage.
- Clean the grip inserts as per the manufacturer's recommendations to maintain their integrity.

Disposal Instructions

- Dispose of damaged or worn grip inserts in accordance with local regulations for plastic waste.
- Do not dispose of grip inserts in regular household waste if they are made from materials that require special handling.

Contact Information for Further Support

For any inquiries regarding the safety and use of the grip inserts, please refer to the manufacturer's contact information provided on the packaging or product documentation.

By following these safety instructions and guidelines, you can ensure a safer and more enjoyable shooting experience with your Ransom International Grip Inserts. Thank you for your attention to these important safety measures.

Guida alla Sicurezza per Grip Inserts Ransom per CZ 75 Tactical Sport/CZ 75 Check Mate

Introduzione

Benvenuti nella guida alla sicurezza per i grip inserts Ransom progettati per l'uso con CZ 75 Tactical Sport e CZ 75 Check Mate. Questa guida fornisce informazioni importanti per garantire un uso sicuro e corretto del prodotto, seguendo le normative di sicurezza generali dell'UE.

Linee Guida Generali di Sicurezza

- Utilizzare solo grip inserts Ransom specificamente progettati per il Master Series Ransom Rest.
- Non utilizzare grip inserts rigidi o in plastica stampata in 3D, poiché possono danneggiare l'arma.
- Assicurarsi che il grip insert sia compatibile con il proprio modello di arma.
- Verificare regolarmente lo stato del grip insert e sostituirlo se presenta segni di usura o danni.
- Seguire sempre le istruzioni del produttore per l'installazione e l'uso.

Precauzioni di Sicurezza Specifiche per l'Uso

- Non utilizzare mai grip inserts che non siano stati progettati per imitare la durezza della mano umana.
- Evitare di utilizzare grip inserts che non assorbono le vibrazioni e il rinculo, poiché potrebbero compromettere la precisione del test.
- Non ignorare eventuali avvisi di richiamo o segnalazioni di prodotti pericolosi.
- Non utilizzare grip inserts rigidi, in quanto possono ridurre la vita della canna e dell'arma.
- Prestare particolare attenzione quando si effettuano colpi di prova, poiché il danno all'arma potrebbe non essere immediatamente visibile.

Istruzioni per l'Installazione e l'Uso

1. Preparazione:

- Assicurarsi che l'arma sia scarica e sicura prima di procedere con l'installazione del grip insert.
- Pulire l'area di contatto tra il grip insert e l'arma per garantire una buona aderenza.

2. Installazione:

- Inserire il grip insert nel Master Series Ransom Rest seguendo le istruzioni specifiche fornite con il prodotto.
- Verificare che il grip insert sia saldamente in posizione e non presenti movimenti o giochi.

3. Uso:

- Utilizzare il grip insert durante il test di precisione per garantire risultati ripetibili.
- Monitorare le prestazioni durante l'uso e controllare eventuali segni di danni o usura.

4. Controllo PostUtilizzo:

- Dopo ogni sessione di test, ispezionare il grip insert per eventuali segni di deterioramento.
- Sostituire il grip insert se necessario per garantire prestazioni ottimali.

Istruzioni per lo Smaltimento

- Smaltire il grip insert secondo le normative locali relative ai rifiuti di prodotti non tossici.

- Non gettare i grip inserts nell'ambiente, ma seguire le linee guida per il riciclaggio quando possibile.

Informazioni di Contatto per Ulteriori Supporto

Per ulteriori domande o per segnalare prodotti pericolosi, si consiglia di contattare le autorità competenti o visitare la piattaforma Safety Gate dell'Unione Europea.

Conclusione

I grip inserts Ransom per CZ 75 Tactical Sport e CZ 75 Check Mate sono progettati per migliorare la precisione e la sicurezza durante l'uso dell'arma. È fondamentale seguire queste linee guida per garantire un utilizzo sicuro e responsabile del prodotto. Ricordate che la sicurezza è la priorità principale e che l'uso corretto degli accessori è essenziale per il mantenimento dell'arma e per la vostra sicurezza.
