

GRIP INSERTS - RANSOM GRIP INSERTS EAA WITNESS 10MM/38 SPR/45/9/TANFOGLIO 38/45

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS EAA WITNESS 10MM/38 SPR/45/9/TANFOGLIO 38/45
- Manufacturer: RANSOM
- Product no.: 430119346
- Mfr. No.: 30-300-101
- Delivery weight: 0.907kg
- Shipping height: 152mm
- Shipping width: 152mm
- Shipping length: 152mm
- UPC: 810132580918

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM GRIP INSERTS EAA WITNESS 10MM/38 SPR/45/9/TANFOGLIO 38/45

Einführung

Die GRIP INSERTS von RANSOM INTERNATIONAL bieten optimalen Schutz für deine Waffe und sind speziell darauf ausgelegt, Schäden zu vermeiden und präzise Testergebnisse zu gewährleisten. Diese Sicherheitshinweise sollen dir helfen, die Produkte sicher zu verwenden und potenzielle Risiken zu minimieren.

Allgemeine Sicherheitsrichtlinien

- Verwende die GRIP INSERTS nur gemäß den Anweisungen in diesem Handbuch.
- Überprüfe regelmäßig die Inserts auf Schäden oder Abnutzung.
- Halte die Inserts und die Waffe außerhalb der Reichweite von Kindern.
- Berücksichtige die spezifischen Sicherheitsvorkehrungen, die in den folgenden Abschnitten aufgeführt sind.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Vermeide die Verwendung von harten Griffeinsätzen oder 3Dgedruckten Kunststoffgriffen. Diese können die Waffe beschädigen und gefährliche Rückstoßenergien erzeugen.
- Beachte, dass harte Einsätze die Lebensdauer des Laufs und der Waffe verringern können und möglicherweise Verletzungen verursachen.
- Achte darauf, dass keine Vibrationen oder Rückstoßkräfte unkontrolliert auf die Waffe wirken. Die GRIP INSERTS sind so konzipiert, dass sie diese Kräfte absorbieren.
- Führe keine destruktiven Tests oder Genauigkeitstests durch, die nicht die menschliche Hand nachahmen.

Anweisungen zur Installation und Nutzung

1. Installation der GRIP INSERTS:

- Stelle sicher, dass die Waffe sicher und nicht geladen ist, bevor du mit der Installation beginnst.
- Setze die GRIP INSERTS gemäß den Anweisungen des Herstellers ein.
- Überprüfe, ob die Inserts fest sitzen und keine Bewegungen zulassen.

2. Nutzung der GRIP INSERTS:

- Verwende die Inserts nur mit dem Ransom Rest, um die besten Ergebnisse zu erzielen.
- Achte darauf, dass die Waffe richtig positioniert ist, um Rückstoß und Vibrationen effektiv zu absorbieren.
- Nach jedem Schuss solltest du die Inserts auf sichtbare Schäden überprüfen.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte GRIP INSERTS gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Achte darauf, dass die Inserts nicht in die Hände von Kindern gelangen, bevor sie entsorgt sind.

Kontaktinformationen für weitere Unterstützung

- Bei Fragen oder für weitere Informationen zu den GRIP INSERTS kannst du dich an den Hersteller wenden. Achte darauf, alle Sicherheitsrichtlinien und Anweisungen zu befolgen, um eine sichere Nutzung zu gewährleisten.

Schlussfolgerung

Die Verwendung der GRIP INSERTS von RANSOM INTERNATIONAL kann dazu beitragen, die Sicherheit und Leistung deiner Waffe zu maximieren. Indem du die oben genannten Sicherheitsrichtlinien und Anweisungen befolgst, kannst du potenzielle Risiken minimieren und sicherstellen, dass du die bestmöglichen Ergebnisse erzielst.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS EAA WITNESS 10MM/38 SPR/45/9/TANFOGLIO 38/45

Introduction

Thank you for choosing the GRIP INSERTS RANSOM GRIP INSERTS EAA WITNESS 10MM/38 SPR/45/9/TANFOGLIO 38/45. This product is designed to enhance the performance of your Master Series Ransom Rest while ensuring safety during use. It is important to follow the safety instructions outlined in this guide to avoid potential hazards and ensure optimal performance.

General Safety Guidelines

The following guidelines are provided to ensure safe use of this product:

- Ensure that all users are familiar with the operation of the Ransom Rest and the grip inserts.
- Always inspect the grip inserts before each use for signs of wear or damage.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts, as they can cause damage to the firearm and compromise safety.
- Follow all applicable laws and regulations regarding the use of firearms and shooting accessories in your area.
- Store the grip inserts in a safe and secure location when not in use.

Specific Safety Precautions for Use

To minimize risks associated with the use of the grip inserts, please observe the following precautions:

- **Avoid Hard Inserts:** Do not use hard grip inserts. They can generate destructive recoil energy that damages the firearm.
- **Humanlike Recoil Simulation:** The grip inserts are designed to replicate the durometer of the human hand. Ensure that the inserts are properly installed to absorb recoil and vibration effectively.
- **Monitor for Damage:** Be aware that damage from hard inserts may not be immediately visible but can accumulate over time, leading to decreased performance and potential injury.
- **Testing Procedures:** When conducting destructive or accuracy testing, ensure that the setup mimics human handling to obtain valid results.
- **Vibration and Recoil Management:** Understand that vibration and recoil cannot be eliminated but can be controlled. Use the grip inserts to manage these forces effectively.

Instructions for Installation and Usage

Follow these steps for proper installation and usage of the grip inserts:

1. **Inspection:** Before installation, inspect the grip inserts for any signs of damage or wear.
2. **Installation:**
 - Remove any existing grip inserts from the Ransom Rest.
 - Carefully place the new grip inserts into the designated slots, ensuring a snug fit.
 - Verify that the inserts are securely in place before proceeding.
3. **Usage:**
 - Set up the Ransom Rest according to the manufacturer's instructions.
 - Position the firearm properly in the rest, ensuring that it is stable.
 - Conduct your shooting tests while monitoring for any unusual vibrations or movements.
 - After use, inspect the grip inserts for any signs of wear or damage.

Disposal Instructions

When the grip inserts have reached the end of their usable life or are damaged beyond safe use, please dispose of them responsibly:

- Check local regulations for proper disposal methods for plastic products.
- Do not throw away the grip inserts in regular household waste. Instead, consider recycling options where available.

Contact Information for Further Support

For additional support or inquiries regarding the GRIP INSERTS RANSOM GRIP INSERTS EAA WITNESS 10MM/38 SPR/45/9/TANFOGLIO 38/45, please refer to the manufacturer's contact information provided separately.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your GRIP INSERTS RANSOM GRIP INSERTS. Always prioritize safety and responsible handling practices while using shooting accessories.

Guida alle Istruzioni di Sicurezza per GRIP INSERTS RANSOM

Introduzione

Grazie per aver scelto i grip inserts RANSOM per il tuo Master Series Ransom Rest. Questa guida fornisce informazioni importanti sulla sicurezza, sull'uso corretto e sulla manutenzione dei grip inserts. Si prega di leggere attentamente queste istruzioni per garantire un utilizzo sicuro e efficace del prodotto.

Linee Guida Generali di Sicurezza

- Utilizzare i grip inserts RANSOM solo come indicato nelle istruzioni.
- Verificare regolarmente lo stato dei grip inserts per individuare eventuali segni di usura o danni.
- Non utilizzare grip inserts rigidi o stampati in 3D, in quanto possono danneggiare l'arma e compromettere la sicurezza.
- Tenere i grip inserts e gli accessori al di fuori della portata dei bambini.
- Segnalare eventuali prodotti non sicuri o incidenti alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Assicurarsi che l'arma sia scarica prima di installare o rimuovere i grip inserts.
- Non utilizzare grip inserts che mostrano segni di danno o usura.
- Non utilizzare grip inserts in condizioni meteorologiche estreme (es. umidità eccessiva, temperature estremamente basse o alte).
- Non utilizzare grip inserts in combinazione con accessori non raccomandati dal produttore.
- Seguire tutte le normative locali e nazionali riguardanti l'uso delle armi.

Istruzioni per l'Installazione e l'Uso

1. Installazione dei Grip Inserts:

- Verificare che l'arma sia completamente scarica.
- Rimuovere eventuali grip inserts esistenti seguendo le istruzioni del produttore.
- Posizionare i grip inserts RANSOM sull'arma, assicurandosi che siano allineati correttamente.
- Fissare i grip inserts secondo le istruzioni fornite, assicurandosi che siano saldamente in posizione.

2. Utilizzo dei Grip Inserts:

- Utilizzare i grip inserts durante il test di precisione per ottenere risultati ripetibili e precisi.
- Monitorare le prestazioni dell'arma durante l'uso e apportare modifiche se necessario.
- Non superare i limiti di utilizzo raccomandati per l'arma.

3. Manutenzione dei Grip Inserts:

- Pulire i grip inserts regolarmente con un panno asciutto per rimuovere polvere e detriti.
- Ispezionare i grip inserts per eventuali segni di usura o danni e sostituirli se necessario.

Istruzioni per lo Smaltimento

- I grip inserts RANSOM devono essere smaltiti secondo le normative locali riguardanti i rifiuti di prodotti non pericolosi.
- Non gettare i grip inserts nell'ambiente. Seguire le linee guida per il riciclaggio e lo smaltimento dei materiali.

Informazioni di Contatto per Ulteriori Supporto

Per ulteriori informazioni o domande sui grip inserts RANSOM, si prega di contattare il proprio rivenditore o consultare il sito web ufficiale del produttore.

Grazie per aver scelto i grip inserts RANSOM. Utilizzando questi prodotti in modo sicuro e responsabile, contribuirai a garantire un'esperienza di test di precisione di alta qualità.
