

GRIP INSERTS - RANSOM GRIP INSERTS FOR SIG SAUER P220 LEGION,AMERICAN,LEGIONX,X6

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR SIG SAUER P220 LEGION,AMERICAN,LEGIONX,X6
- Manufacturer: RANSOM
- Product no.: 430119432
- Mfr. No.: 30-300-25-02
- Delivery weight: 0.907kg
- UPC: 810132582158

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für RANSOM GRIP INSERTS für SIG SAUER P220 LEGION

Einführung

Willkommen zu den Sicherheitshinweisen für die RANSOM GRIP INSERTS, die speziell für dein SIG SAUER P220 LEGION entwickelt wurden. Diese Inserts sind darauf ausgelegt, eine sichere und effektive Nutzung zu gewährleisten. Bitte beachte die folgenden Sicherheitsrichtlinien, um Risiken zu vermeiden und die Lebensdauer deines Geräts zu erhöhen.

Allgemeine Sicherheitshinweise

- Verwende die RANSOM GRIP INSERTS nur für den vorgesehenen Zweck, um Verletzungen oder Schäden zu vermeiden.
- Achte darauf, dass alle Teile vor der Verwendung in gutem Zustand sind.
- Halte die Inserts und das Gerät außerhalb der Reichweite von Kindern und schutzbedürftigen Personen.
- Berücksichtige die spezifischen Anweisungen zur Installation und Nutzung, um die Sicherheit zu gewährleisten.
- Bei Unsicherheiten oder Fragen zur Verwendung wende dich an den Hersteller oder einen Fachmann.

Spezifische Sicherheitsvorkehrungen für die Nutzung

- Verwende keine harten Grip Inserts oder 3Dgedruckte KunststoffGrip Inserts, da diese deinem Gewehr schaden können.
- Achte darauf, dass die Inserts die Durometrie der menschlichen Hand nachahmen, um schädliche Rückstoßenergie zu absorbieren.
- Überprüfe regelmäßig den Zustand der Inserts auf Risse oder andere Beschädigungen, die die Funktion beeinträchtigen könnten.
- Lasse das Gerät niemals unbeaufsichtigt, während es in Gebrauch ist.
- Bei Anzeichen von Beschädigung oder Fehlfunktion solltest du die Inserts sofort nicht mehr verwenden und den Hersteller kontaktieren.

Anweisungen zur Installation und Nutzung

1. Installation der Inserts:

- Stelle sicher, dass das Gewehr sicher entladen ist, bevor du mit der Installation beginnst.
- Entferne die vorhandenen Inserts gemäß den Anweisungen des Herstellers.
- Setze die RANSOM GRIP INSERTS sorgfältig in die vorgesehenen Halterungen ein.
- Überprüfe, ob die Inserts fest und sicher sitzen, bevor du das Gewehr wieder in Betrieb nimmst.

2. Nutzung der Inserts:

- Achte darauf, die Inserts in einer kontrollierten Umgebung zu verwenden.
- Nutze das Gewehr nur in Übereinstimmung mit den geltenden Gesetzen und Vorschriften.
- Halte während des Schießens eine sichere Haltung ein und achte auf deine Umgebung.
- Lass die Inserts nach jedem Gebrauch auf Abnutzung oder Beschädigung überprüfen.

Entsorgungsanweisungen

- Entsorge die RANSOM GRIP INSERTS gemäß den örtlichen Vorschriften für die Entsorgung von Kunststoffabfällen.
- Achte darauf, dass alle Teile sicher entsorgt werden, um Umweltverschmutzung zu vermeiden.

- Informiere dich über Recyclingmöglichkeiten in deiner Nähe, um eine umweltfreundliche Entsorgung zu gewährleisten.

Kontaktinformationen für weitere Unterstützung

Für Fragen zur Sicherheit, Nutzung oder Installation der RANSOM GRIP INSERTS wende dich bitte an den Hersteller oder einen qualifizierten Fachmann. Es ist wichtig, dass du alle Sicherheitsrichtlinien befolgst, um eine sichere und effektive Nutzung zu gewährleisten.

Wichtige Hinweise

- Diese Schäden sind möglicherweise nicht sofort sichtbar, sammeln sich jedoch mit jedem Schuss.
- Ein hartes Insert kann die Lebensdauer von Lauf und Gewehr verringern und möglicherweise Verletzungen oder sogar den Tod verursachen, falls etwas passiert.
- Ob destruktive Tests oder Genauigkeitstests, du musst den Menschen nachahmen, andernfalls ist dein Test fehlerhaft.
- Verwende keine harten oder 3Dgedruckten Inserts!

Bitte beachte diese Sicherheitshinweise sorgfältig, um die Sicherheit und Funktionsfähigkeit deiner RANSOM GRIP INSERTS zu gewährleisten.

Safety Instructions for GRIP INSERTS RANSOM GRIP INSERTS FOR SIG SAUER P220 LEGION, AMERICAN, LEGIONX, X6

Introduction

Thank you for choosing the Ransom Grip Inserts. These inserts are designed to enhance the performance of your Master Series Ransom Rest while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm and the Ransom Rest system before use.
- Always follow your firearm's manual and safety instructions.
- Use only Ransom Grip Inserts specifically designed for your firearm model.
- Avoid using hard grip inserts or 3Dprinted plastic grip inserts, as they can damage your firearm and provide inaccurate test results.
- Be aware that improper use of the inserts may lead to injury or damage over time.
- Regularly inspect your inserts for wear and replace them if they show signs of damage.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted plastic grip inserts. These can generate destructive recoil energy that can damage your firearm.
- **Understand Recoil Dynamics:** Recognize that vibration and recoil cannot be stopped; they can only be controlled. The inserts are designed to absorb these forces, mimicking the human hand.
- **Monitor Usage:** Damage from hard inserts may not be immediately visible but can accumulate with each shot. Regularly check for any signs of wear on the firearm and inserts.
- **Safety First:** If you notice any unusual behavior or damage to your firearm while using the inserts, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and safe to handle.
- Gather all necessary tools and your Ransom Rest setup.

2. Installation of Grip Inserts:

- Remove any existing grip inserts from the Ransom Rest.
- Align the Ransom Grip Inserts with the designated slots in the Ransom Rest.
- Securely attach the grip inserts, ensuring they fit snugly without any gaps.

3. Usage:

- Place your firearm securely in the Ransom Rest.
- Ensure that the inserts are properly absorbing recoil by monitoring the initial vibrations when the firearm is fired.
- Maintain a safe distance and follow all safety protocols while conducting tests.

4. PostUsage:

- After each use, inspect the grip inserts for any signs of wear or damage.
- Clean the inserts according to the manufacturer's recommendations to maintain their effectiveness.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not throw away inserts in regular household waste. Instead, look for recycling options or hazardous waste disposal facilities if applicable.

Contact Information for Further Support

For any safety inquiries or further support regarding the Ransom Grip Inserts, please refer to the manufacturer's contact channels as indicated in the product packaging or user manual.

By following these safety instructions, you can ensure a safe and effective experience while using the Ransom Grip Inserts for your firearm. Always prioritize safety and consult professionals if you have any doubts or concerns. Thank you for choosing Ransom International.

Istruzioni di Sicurezza per l'Uso degli Inserti Ransom per SIG Sauer P220 Legion

Introduzione

Gli inserti Ransom sono progettati per migliorare la performance e la sicurezza del tuo SIG Sauer P220 Legion. È importante seguire attentamente le istruzioni di sicurezza e utilizzo per garantire un'esperienza di tiro sicura e soddisfacente.

Linee Guida Generali di Sicurezza

- Utilizzare solo gli inserti Ransom con il tuo Master Series Ransom Rest.
- Non utilizzare inserti rigidi o in plastica stampati in 3D, poiché possono danneggiare l'arma e compromettere la sicurezza.
- Assicurati che l'arma sia sempre maneggiata con attenzione e che si seguano le pratiche di sicurezza standard per le armi da fuoco.
- Conserva gli inserti e l'arma in un luogo sicuro e inaccessibile a bambini o persone non autorizzate.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti Ransom sono progettati per assorbire le forze di rinculo. Non utilizzare inserti rigidi, poiché possono causare danni all'arma e infortuni.
- Non tentare di modificare o riparare gli inserti. Qualsiasi modifica può compromettere la funzionalità e la sicurezza.
- Controlla regolarmente gli inserti per segni di usura o danni. Sostituisci gli inserti danneggiati immediatamente.
- Non utilizzare gli inserti in condizioni di malfunzionamento dell'arma. Assicurati che l'arma sia in buone condizioni prima dell'uso.

Istruzioni per l'Installazione e l'Uso

- Assicurati che l'arma sia scarica prima di installare gli inserti.
- Posiziona l'inserto Ransom nel supporto del Ransom Rest seguendo le istruzioni del produttore.
- Fissa saldamente l'inserto nel supporto per garantire che non si muova durante l'uso.
- Esegui un test di funzionamento per assicurarti che l'inserto assorba correttamente il rinculo.
- Durante il tiro, mantieni una postura stabile e controlla sempre l'arma.

Istruzioni per lo Smaltimento

- Gli inserti Ransom non devono essere smaltiti insieme ai rifiuti domestici. Segui le linee guida locali per lo smaltimento dei prodotti in plastica e degli accessori per armi.
- Contatta un centro di raccolta rifiuti o un servizio di smaltimento autorizzato per informazioni sul corretto smaltimento degli inserti.

Informazioni di Contatto per Ulteriori Supporto

Per domande o preoccupazioni relative alla sicurezza dei prodotti, contatta il tuo rivenditore o il produttore per assistenza. Assicurati di avere a disposizione il numero di serie del prodotto e altre informazioni pertinenti.

Conclusione

Seguire queste istruzioni di sicurezza è fondamentale per garantire un'utilizzo sicuro e efficace degli inserti Ransom per il tuo SIG Sauer P220 Legion. La tua sicurezza e quella degli altri sono la priorità principale.
