

GRIP INSERTS - RANSOM GRIP INSERTS FOR SIG SAUER P225

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR SIG SAUER P225
- Manufacturer: RANSOM
- Product no.: 430119435
- Mfr. No.: 30-300-25-03
- Delivery weight: 0.907kg
- UPC: 810132582165

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM

GRIP INSERTS FÜR SIG SAUER P225

Einleitung

Herzlichen Glückwunsch zu deinem Kauf der GRIP INSERTS von RANSOM für die SIG SAUER P225! Diese Inserts sind speziell entwickelt, um dein Schießerlebnis zu verbessern und die Lebensdauer deiner Waffe zu verlängern. Bitte befolge die folgenden Sicherheitshinweise und Anweisungen, um die sichere Verwendung des Produkts zu gewährleisten.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die GRIP INSERTS gemäß den Anweisungen verwendest, um Verletzungen oder Schäden an deiner Waffe zu vermeiden.
- Verwende keine harten Grip Inserts oder 3Dgedruckten KunststoffGrip Inserts, da diese deinem Gewehr schaden können.
- Überprüfe regelmäßig die Inserts auf Abnutzung oder Beschädigungen.
- Halte die Inserts und die Waffe außerhalb der Reichweite von Kindern und anderen unbefugten Personen.

Spezifische Sicherheitsvorkehrungen bei der Verwendung

- Die Inserts sind so konzipiert, dass sie die DurometerHärte der menschlichen Hand nachahmen. Verwende sie nur in Verbindung mit dem Master Series Ransom Rest.
- Achte darauf, dass die Inserts korrekt installiert sind, um eine gleichmäßige Verteilung der Rückstoßenergie zu gewährleisten.
- Vermeide es, die Waffe mit einem harten Insert zu testen, da dies zu irreparablen Schäden führen kann.
- Wenn du beim Schießen ungewöhnliche Geräusche oder Vibrationen bemerkst, stoppe sofort und überprüfe die Inserts.

Anweisungen für Installation und Verwendung

1. Installation der GRIP INSERTS:

- Stelle sicher, dass die Waffe entladen ist, bevor du mit der Installation beginnst.
- Entferne die alten Inserts, falls vorhanden.
- Setze die neuen GRIP INSERTS vorsichtig ein, bis sie sicher und fest sitzen.
- Überprüfe, ob die Inserts korrekt installiert sind und nicht wackeln.

2. Verwendung mit dem Ransom Rest:

- Positioniere die Waffe sicher auf dem Master Series Ransom Rest.
- Stelle sicher, dass die Inserts die Rückstoßenergie richtig absorbieren.
- Beginne mit dem Schießen und beobachte die Leistung der Inserts. Achte auf Anzeichen von Beschädigung oder Verschleiß.

3. Nach dem Schießen:

- Überprüfe die Inserts auf Risse oder andere Beschädigungen.
- Reinige die Inserts und die Waffe regelmäßig, um eine optimale Leistung sicherzustellen.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für Elektronik und Kunststoffabfälle.
- Stelle sicher, dass die Inserts nicht im normalen Haushaltsmüll landen, um die Umwelt zu schützen.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder Bedenken bezüglich der GRIP INSERTS wende dich bitte an den Hersteller oder den Händler, bei dem du das Produkt erworben hast. Achte darauf, dass alle Anfragen bezüglich Sicherheit und Verwendung an die entsprechende Stelle gerichtet werden.

Bitte beachte die Warnungen und Hinweise in dieser Anleitung, um die Sicherheit bei der Verwendung der GRIP INSERTS von RANSOM zu gewährleisten. Dein Wohl und die Sicherheit deiner Waffe stehen an erster Stelle!

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR SIG SAUER P225

Introduction

Thank you for choosing the Ransom International Grip Inserts for your SIG Sauer P225. These inserts are designed to enhance your shooting experience while ensuring the safety and longevity of your firearm. This guide provides essential safety instructions and guidelines to ensure proper usage and maintenance.

General Safety Guidelines

- Always read and understand the instructions before using the grip inserts.
- Use the grip inserts only as intended with the Ransom Rest system.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts, as they may damage your firearm.
- Ensure that the grip inserts match the durometer of the human hand to effectively absorb recoil.
- Regularly inspect the grip inserts for wear and tear, and replace them if damaged.
- Always follow local laws and regulations regarding the use of firearms and accessories.

Specific Safety Precautions for Use

- Avoid using hard or 3Dprinted inserts, as they can generate destructive recoil energy that may harm your firearm.
- Understand that vibration and recoil cannot be stopped; they can only be controlled. Using inappropriate inserts can lead to uncontrolled forces acting on your firearm.
- Be aware that damage from improper inserts may not be immediately visible but can accumulate over time, affecting the lifespan of your firearm.
- Take caution during testing; mimic humanlike handling to ensure accurate results.
- Ensure that all users of the firearm are aware of the proper usage of the grip inserts.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and in a safe position.
- Remove any existing grip inserts from the Ransom Rest.
- Carefully place the Ransom Grip Inserts into the designated areas of the Ransom Rest.
- Ensure that the inserts fit securely and are aligned properly.

2. Usage:

- Place your firearm in the Ransom Rest with the grip inserts installed.
- Conduct your shooting tests while ensuring that the inserts are absorbing the recoil as intended.
- Monitor the performance of the inserts during use. If you notice any signs of damage or wear, discontinue use immediately and replace them.

3. PostUsage Care:

- After use, inspect the grip inserts for any signs of damage.
- Clean the inserts according to the manufacturer's recommendations to maintain their effectiveness.
- Store the grip inserts in a safe and dry location when not in use.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local waste disposal regulations.
- Do not throw the inserts in regular household waste if they contain materials that may be harmful to the environment.
- Check with local authorities for proper disposal methods for potentially hazardous materials.

Contact Information for Further Support

For safety inquiries or additional support regarding the Ransom Grip Inserts, please refer to the contact information provided by the manufacturer or retailer from whom you purchased the product.

By following these guidelines and instructions, you can ensure a safe and effective experience with your Ransom Grip Inserts for SIG Sauer P225. Thank you for prioritizing safety and responsible usage.

Istruzioni di Sicurezza per l'Uso degli Inserti Ransom Grip per SIG Sauer P225

Introduzione

Grazie per aver scelto gli Inserti Ransom Grip per il tuo SIG Sauer P225. Questo prodotto è progettato per migliorare la tua esperienza di tiro, garantendo al contempo la sicurezza durante l'uso. È fondamentale seguire attentamente queste istruzioni di sicurezza per evitare incidenti e garantire un utilizzo corretto e sicuro.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo gli Inserti Ransom Grip progettati specificamente per il tuo modello di arma.
- Non utilizzare inserti rigidi o inserti in plastica stampati in 3D, poiché possono danneggiare l'arma e compromettere la tua sicurezza.
- Segui sempre le istruzioni del produttore per l'installazione e l'uso.
- Tieni gli inserti e gli accessori lontano dalla portata di bambini e gruppi vulnerabili.
- In caso di problemi o malfunzionamenti, interrompi immediatamente l'uso e contatta un esperto.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti sono progettati per assorbire le forze di rinculo e vibrazione. Non utilizzare inserti che non siano progettati per questo scopo.
- Non ignorare segnali di danni all'arma o agli inserti. Controlla regolarmente per eventuali segni di usura o rottura.
- Non tentare di modificare o riparare gli inserti. Utilizza solo prodotti originali e consigliati dal produttore.
- In caso di test distruttivi o di precisione, assicurati che gli inserti siano correttamente installati e in buone condizioni.

Istruzioni per l'Installazione e l'Uso

1. Installazione:

- Rimuovi gli inserti esistenti dall'impugnatura della tua arma.
- Pulisci l'area di installazione per rimuovere polvere e detriti.
- Posiziona gli Inserti Ransom Grip nell'impugnatura seguendo le istruzioni specifiche fornite con il prodotto.
- Assicurati che gli inserti siano saldamente fissati e non presentino movimenti.

2. Uso:

- Prima di ogni sessione di tiro, verifica che gli inserti siano in buone condizioni.
- Durante l'utilizzo, mantieni sempre il controllo dell'arma e segui le pratiche di sicurezza standard.
- Non utilizzare l'arma in condizioni di umidità o in ambienti estremi senza adeguate precauzioni.

Istruzioni per lo Smaltimento

- Gli Inserti Ransom Grip devono essere smaltiti in conformità con le normative locali sui rifiuti.
- Non gettare gli inserti nella spazzatura domestica. Contatta un centro di raccolta rifiuti per informazioni sullo smaltimento corretto.

Informazioni di Contatto per Ulteriori Supporto

Per domande o ulteriori informazioni sulla sicurezza degli inserti Ransom Grip, contatta il produttore o il rivenditore autorizzato. Assicurati di avere a disposizione il numero di modello e altre informazioni pertinenti riguardanti il prodotto.

Ricorda: La sicurezza è la priorità principale. Segui queste istruzioni e goditi un'esperienza di tiro sicura e soddisfacente.
