

GRIP INSERTS - RANSOM GRIP INSERTS SIG SAUER P226 L/X LEGION,ACE,TACOPS,ELITE

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS SIG SAUER P226 L/X LEGION,ACE,TACOPS,ELITE
- Manufacturer: RANSOM
- Product no.: 430119436
- Mfr. No.: 30-300-25-04-L/X
- Delivery weight: 0.907kg
- UPC: 810132582196

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM GRIP INSERTS SIG SAUER P226 L/X LEGION, ACE, TACOPS, ELITE

Einleitung

Willkommen zu den Sicherheitshinweisen für die GRIP INSERTS RANSOM GRIP INSERTS SIG SAUER P226 L/X LEGION, ACE, TACOPS, ELITE. Diese Einsätze sind speziell dafür entwickelt, die Rückstoßenergie während des Schießens zu absorbieren und die Lebensdauer deines Gewehrs zu verlängern. Bitte lese die folgenden Hinweise sorgfältig, um eine sichere und effektive Nutzung zu gewährleisten.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass die GRIP INSERTS nur mit dem vorgesehenen Ransom Rest verwendet werden.
- Verwende keine harten Griffesätze oder 3Dgedruckte Kunststoffgriffesätze, da diese deinem Gewehr schaden können.
- Halte die Einsätze und das Gewehr außerhalb der Reichweite von Kindern und schütze sie vor unsachgemäßer Handhabung.
- Überprüfe regelmäßig den Zustand der Einsätze und des Ransom Rests auf Abnutzung oder Beschädigungen.
- Beachte die aktuellen Rückrufinformationen auf der EU Safety Gate Plattform.

Spezifische Sicherheitsvorkehrungen für die Nutzung

- Die GRIP INSERTS sind so konzipiert, dass sie die Härte der menschlichen Hand nachahmen. Achte darauf, dass sie ordnungsgemäß installiert sind, um die optimale Funktion zu gewährleisten.
- Bei der Nutzung des Ransom Rests achte darauf, dass du eine stabile und sichere Position einhältst, um Verletzungen zu vermeiden.
- Vermeide es, mit abgenutzten oder beschädigten Einsätzen zu schießen, da dies zu ungenauen Testergebnissen führen kann.
- Halte beim Schießen immer eine angemessene Sicherheitsdistanz zu anderen Personen und Objekten ein.

Anweisungen zur Installation und Nutzung

1. Installation der GRIP INSERTS:

- Stelle sicher, dass der Ransom Rest sauber und trocken ist.
- Setze die GRIP INSERTS vorsichtig in die vorgesehenen Halterungen ein, bis sie sicher sitzen.
- Überprüfe die Einsätze auf festen Sitz und Stabilität.

2. Nutzung des Ransom Rests:

- Platziere dein Gewehr sicher im Ransom Rest.
- Achte darauf, dass der Ransom Rest auf einer stabilen und ebenen Fläche steht.
- Beginne mit dem Schießen und beobachte die Reaktionen des Ransom Rests und der GRIP INSERTS.

3. Nach dem Gebrauch:

- Entferne die GRIP INSERTS vorsichtig und reinige sie sowie den Ransom Rest nach jedem Gebrauch.
- Lagere die Einsätze an einem trockenen und sicheren Ort, um Beschädigungen zu vermeiden.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte GRIP INSERTS gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Achte darauf, dass die Einsätze nicht in die Umwelt gelangen und ordnungsgemäß recycelt werden, wenn möglich.

Kontaktinformationen für weitere Unterstützung

- Bei Fragen oder Bedenken zu den GRIP INSERTS wende dich bitte an den Hersteller oder einen autorisierten Händler.

Bitte beachte, dass die Sicherheit deiner Ausrüstung und die deiner Umgebung von größter Bedeutung sind. Halte dich an diese Richtlinien, um eine sichere Nutzung der GRIP INSERTS zu gewährleisten.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS SIG SAUER P226 L/X

LEGION, ACE, TACOPS, ELITE

Introduction

Thank you for choosing the Ransom International Grip Inserts for your SIG Sauer P226 L/X Legion, ACE, TACOPS, and ELITE. This guide provides important safety instructions and usage guidelines to ensure safe operation and optimal performance of your product. Please read this guide carefully before using the grip inserts.

General Safety Guidelines

- Ensure safe use of all nonfood products, including grip inserts.
- Be aware of risks associated with improper use, including potential damage to your firearm and personal injury.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Avoid Hard Grip Inserts:** Do not use hard grip inserts or 3Dprinted plastic grip inserts with your Master Series Ransom Rest. These can cause damage to your firearm.
- **Understand Recoil Dynamics:** Hard inserts can generate destructive recoil energy that travels through the frame and barrel, potentially leading to firearm damage.
- **Mimic HumanLike Recoil:** The grip inserts are designed to replicate the durometer of the human hand, absorbing initial recoil forces. Using hard inserts will not provide accurate test results.
- **Monitor for Damage:** Damage from improper inserts may not be immediately visible but can accumulate over time, decreasing the lifespan of your firearm.
- **Use Caution:** A hard insert may lead to injury or death if it causes a malfunction. Always prioritize safety in your testing and usage.

Instructions for Installation and Usage

1. Installation of Grip Inserts:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove any existing grip inserts from the firearm.
- Carefully align the Ransom grip inserts with the grip frame of your firearm.
- Secure the inserts according to the manufacturer's instructions, ensuring a snug fit.

2. Usage Guidelines:

- When using the Ransom Rest, ensure that the grip inserts are properly installed before conducting any tests.
- Observe the firearm for any signs of damage or unusual behavior during use.
- Always conduct tests in a safe environment, following all firearm safety protocols.

3. PostUsage Care:

- After use, inspect the grip inserts for wear and tear.

- Clean the grip inserts as recommended by the manufacturer to maintain performance.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not dispose of grip inserts in regular household waste if they are made from materials that can be recycled.
- Check with local waste management authorities for specific disposal guidelines.

Contact Information for Further Support

For questions or concerns regarding the Ransom International Grip Inserts, please refer to the manufacturer's contact information provided with your product packaging.

By following these guidelines, you can ensure safe and effective use of your Ransom Grip Inserts. Thank you for your attention to safety and proper usage.

Guida alla Sicurezza per i Grip Inserts RANSOM

Introduzione

Benvenuto nella guida alla sicurezza per i Grip Inserts RANSOM per il Sig Sauer P226 L/X Legion, ACE, TACOPS e ELITE. Questa guida è progettata per garantire un uso sicuro e responsabile del prodotto, seguendo le normative europee sulla sicurezza dei prodotti. Ti invitiamo a leggere attentamente le informazioni contenute in questo documento per massimizzare la tua sicurezza e quella degli altri.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare i Grip Inserts RANSOM solo con il Master Series Ransom Rest.
- Non utilizzare grip inserts rigidi o inserti in plastica stampati in 3D, poiché possono danneggiare la tua arma.
- Segui tutte le istruzioni di installazione e utilizzo fornite in questa guida.
- Controlla regolarmente il prodotto per eventuali segni di usura o danni.
- In caso di problemi, contatta un esperto o un professionista del settore.

Precauzioni di Sicurezza Specifiche per l'Uso

- **Assorbimento delle vibrazioni:** Gli inserti RANSOM sono progettati per assorbire le vibrazioni e le forze generate durante il tiro. Non utilizzare prodotti alternativi che non offrano questa funzionalità.
- **Progettazione ergonomica:** Gli inserti sono progettati per adattarsi al durometro della mano umana, migliorando la tua esperienza di tiro.
- **Controllo delle forze:** I grip inserts agiscono come una mano umana, assorbendo le forze e non trasferendole nell'arma. Questo aiuta a mantenere la precisione durante il tiro.
- **Non utilizzare grip inserts rigidi:** Questi possono compromettere la tua esperienza di tiro e ridurre la vita della canna e dell'arma stessa.

Istruzioni per l'Installazione e l'Uso

1. Installazione:

- Assicurati che l'arma sia scarica e in sicurezza prima di procedere.
- Rimuovi il grip insert esistente, se presente, seguendo le istruzioni del produttore.
- Posiziona il Grip Insert RANSOM nel supporto, assicurandoti che sia ben fissato.
- Controlla che non ci siano spazi vuoti o movimenti indesiderati.

2. Uso:

- Utilizza il Grip Insert RANSOM solo in condizioni di tiro controllate e sicure.
- Segui sempre le migliori pratiche di sicurezza durante il tiro.
- Esegui test di precisione per valutare le prestazioni del grip insert.

Istruzioni per lo Smaltimento

- Non gettare i Grip Inserts RANSOM insieme ai rifiuti domestici.
- Segui le normative locali per lo smaltimento di prodotti di plastica e materiali compositi.
- Se il prodotto è danneggiato o non più utilizzabile, contatta il tuo rivenditore o un centro di raccolta autorizzato.

Informazioni di Contatto per Ulteriori Supporto

Per domande o ulteriori informazioni sulla sicurezza dei Grip Inserts RANSOM, ti invitiamo a contattare il tuo rivenditore autorizzato o un esperto del settore. È importante avere a disposizione un contatto per qualsiasi preoccupazione relativa alla sicurezza.

Ti ringraziamo per aver scelto i Grip Inserts RANSOM. Seguire queste linee guida ti aiuterà a garantire un uso sicuro e efficace del prodotto.
