

GRIP INSERTS - RANSOM GRIP INSERTS FOR SIG SAUER P322

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR SIG SAUER P322
- Manufacturer: RANSOM
- Product no.: 430119453
- Mfr. No.: 30-300-25-21
- Delivery weight: 0.907kg

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die GRIP INSERTS

RANSOM GRIP INSERTS FÜR SIG SAUER P322

Einführung

Willkommen zu den Sicherheitshinweisen für die RANSOM GRIP INSERTS, die speziell für deinen SIG SAUER P322 entwickelt wurden. Diese Anleitung soll dir helfen, die Inserts sicher und effektiv zu nutzen, um die Leistung deiner Waffe zu optimieren und mögliche Risiken zu vermeiden.

Allgemeine Sicherheitshinweise

- Stelle sicher, dass du die GRIP INSERTS nur in Verbindung mit dem Master Series Ransom Rest verwendest.
- Verwende keine harten Grip Inserts oder 3Dgedruckten Kunststoffgriffe, da diese deinem Gewehr schaden können.
- Achte darauf, dass die Inserts so konzipiert sind, dass sie der natürlichen Vibration und dem Rückstoß der menschlichen Hand entsprechen.
- Halte die Inserts und die Waffe außerhalb der Reichweite von Kindern und anderen ungeschulten Personen.

Besondere Sicherheitsvorkehrungen bei der Nutzung

- Verwende die Inserts nur für den vorgesehenen Zweck und gemäß den Anweisungen.
- Überprüfe vor jedem Gebrauch die Inserts auf sichtbare Schäden oder Abnutzung.
- Achte darauf, dass die Inserts richtig im Ransom Rest eingesetzt sind, um eine optimale Leistung zu gewährleisten.
- Sei dir bewusst, dass harte Inserts die Lebensdauer deines Laufs und Gewehrs verringern können und möglicherweise Verletzungen verursachen können.

Anweisungen zur Installation und Nutzung

1. Installation der Grip Inserts:

- Entferne die alten Inserts aus deinem Ransom Rest.
- Setze die neuen RANSOM GRIP INSERTS vorsichtig ein, bis sie sicher und fest sitzen.
- Überprüfe, ob die Inserts bündig mit der Basis des Ransom Rest abschließen.

2. Nutzung der Grip Inserts:

- Stelle sicher, dass die Waffe sicher auf dem Ransom Rest montiert ist.
- Beginne mit dem Schießen und achte darauf, die ersten Millisekunden des Rückstoßes zu beobachten.
- Achte darauf, dass die Inserts die Vibration und den Rückstoß absorbieren, bevor die Maschine reagiert.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für die Entsorgung von Kunststoff.
- Stelle sicher, dass alle Teile der Inserts sicher verpackt sind, um Verletzungen zu vermeiden.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder weitere Informationen zu den RANSOM GRIP INSERTS konsultiere bitte die offizielle Website oder den Händler, bei dem du das Produkt erworben hast. Achte darauf, dass alle Sicherheitsanfragen an die zuständigen Behörden gerichtet werden.

Bitte beachte, dass die Sicherheit deiner Waffe und deiner eigenen Sicherheit von größter Bedeutung sind. Halte dich an diese Anweisungen und sei vorsichtig bei der Verwendung deiner RANSOM GRIP INSERTS.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR SIG SAUER P322

Introduction

Thank you for choosing the Ransom International Grip Inserts for your SIG Sauer P322. This guide provides essential safety information to ensure the safe and effective use of your product. Please read and follow these instructions carefully to avoid injuries and damage.

General Safety Guidelines

- Ensure that the grip inserts are compatible with your firearm model before use.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Be aware of the risks associated with improper use of grip inserts, including potential damage to your firearm and personal injury.
- Regularly inspect the grip inserts for wear and tear. Replace them if you notice any damage.
- Keep the grip inserts out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- **Do Not Use Hard Grip Inserts:** Avoid using hard grip inserts or 3Dprinted plastic grip inserts. These types of inserts can damage your firearm by generating destructive recoil energy.
- **Understand Recoil Dynamics:** Remember that every action has an equal and opposite reaction. Hard inserts do not absorb recoil effectively, leading to potential firearm damage over time.
- **Avoid Invalid Testing Results:** Using hard or poorly engineered inserts can result in inaccurate test data. Always use inserts designed to mimic humanlike recoil.
- **Monitor for Damage:** Damage from improper inserts may not be immediately visible but can accumulate with each shot, affecting the lifespan of your firearm.

Instructions for Installation and Usage

1. Installation of Grip Inserts:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove any existing grip inserts from the firearm.
- Carefully align the Ransom grip inserts with the grip frame of your SIG Sauer P322.
- Firmly press the inserts into place until secure.

2. Using the Grip Inserts:

- Always ensure that the grip inserts are properly installed before using your firearm.
- When testing or shooting, monitor the performance of the inserts. If you notice any unusual vibrations or movement, stop using them immediately.
- Follow all standard firearm safety practices during use.

3. PostUse Care:

- After use, inspect the grip inserts for any signs of wear or damage.
- Clean the inserts according to the manufacturer's recommendations to maintain their effectiveness.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not throw grip inserts in regular household waste. Instead, take them to a designated waste disposal facility if available.

Contact Information for Further Support

For any inquiries or concerns regarding the Ransom Grip Inserts, please refer to the manufacturer's website or customer service for assistance.

Conclusion

By following these safety guidelines and instructions, you can enhance your shooting experience while ensuring the safety of yourself and others. Always prioritize safety when handling firearms and related accessories.

Istruzioni di Sicurezza per l'Uso dei Grip Inserts RANSOM per SIG SAUER P322

Introduzione

Grazie per aver scelto i Grip Inserts RANSOM per SIG SAUER P322. Questo prodotto è progettato per migliorare le prestazioni del tuo Master Series Ransom Rest, garantendo un'esperienza di tiro più sicura e accurata. È importante seguire attentamente le istruzioni di sicurezza per garantire un uso corretto e prevenire danni all'arma o infortuni.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo Grip Inserts RANSOM approvati. L'uso di inserti rigidi o stampati in 3D può danneggiare l'arma e compromettere la tua sicurezza.
- Controlla regolarmente il tuo Ransom Rest e gli inserti per segni di usura o danni.
- Non utilizzare il prodotto in condizioni di umidità o in presenza di sostanze chimiche aggressive.
- Conserva il prodotto in un luogo asciutto e sicuro, lontano dalla portata di bambini e animali domestici.

Precauzioni di Sicurezza Specifiche per l'Uso

- Non utilizzare grip inserts rigidi o in plastica stampati in 3D. Questi possono generare energia di rinculo distruttiva che può danneggiare l'arma.
- Fai attenzione a eventuali vibrazioni e movimenti indesiderati durante il tiro. Assicurati che l'inserto si comporti come la mano umana, assorbendo le forze del rinculo.
- Non ignorare eventuali segnali di malfunzionamento o danni all'arma. Se noti anomalie, interrompi immediatamente l'uso e contatta un professionista.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli Inserti:

- Rimuovi eventuali inserti precedenti dal Ransom Rest.
- Pulisci la superficie di contatto per garantire una buona aderenza.
- Inserisci gli Grip Inserts RANSOM seguendo le istruzioni specifiche fornite con il prodotto.
- Assicurati che gli inserti siano saldamente in posizione prima di utilizzare il Ransom Rest.

2. Utilizzo del Ransom Rest:

- Posiziona il Ransom Rest su una superficie stabile e livellata.
- Carica l'arma secondo le istruzioni del produttore.
- Esegui il tiro seguendo le linee guida di sicurezza standard per le armi da fuoco.
- Monitora costantemente il comportamento dell'arma e degli inserti durante l'uso.

Istruzioni per lo Smaltimento

- Gli inserti usurati o danneggiati devono essere smaltiti in conformità con le normative locali sui rifiuti.
- Non gettare gli inserti nel normale pattume. Contatta un centro di raccolta rifiuti per informazioni sullo smaltimento appropriato.
- Assicurati di smaltire l'imballaggio del prodotto in modo responsabile, seguendo le linee guida per il riciclaggio.

Informazioni di Contatto per Ulteriore Supporto

Per domande o preoccupazioni riguardanti la sicurezza del prodotto, contatta il tuo rivenditore o un professionista del settore. È importante avere un punto di riferimento per eventuali chiarimenti o assistenza.

Conclusione

Seguendo queste istruzioni di sicurezza e manutenzione, puoi garantire un uso sicuro e efficace dei Grip Inserts RANSOM per SIG SAUER P322. Ricorda che la sicurezza è la priorità principale durante l'uso di armi da fuoco e attrezzature correlate.
