

GRIP INSERTS - RANSOM GRIP INSERTS FOR S&W 459, 559, 59, 659

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR S&W 459, 559, 59, 659
- Manufacturer: RANSOM
- Product no.: 430119464
- Mfr. No.: 30-300-26-10
- Delivery weight: 0.907kg
- UPC: 810132582622

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM

GRIP INSERTS für S&W 459, 559, 59, 659

Einführung

Willkommen zu den Sicherheitshinweisen für die GRIP INSERTS RANSOM GRIP INSERTS, die speziell für deine S&W Modelle entwickelt wurden. Diese Anleitung soll sicherstellen, dass du die Inserts sicher und effektiv nutzen kannst, um die besten Ergebnisse zu erzielen und potenzielle Risiken zu vermeiden.

Allgemeine Sicherheitsrichtlinien

- Achte darauf, dass du die GRIP INSERTS nur gemäß den Anweisungen verwendest.
- Halte die Inserts von Kindern fern, um Verletzungen zu vermeiden.
- Verwende die Inserts nicht, wenn sie beschädigt sind.
- Informiere dich regelmäßig über Rückrufaktionen und Sicherheitswarnungen über die EU Safety Gate Plattform.
- Melde unsichere Produkte oder Vorfälle den zuständigen Behörden.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Vermeide die Verwendung von harten oder 3Dgedruckten Grip Inserts, da diese deinem Gewehr schaden können.
- Achte darauf, dass die Inserts mit der DurometerHärte der menschlichen Hand übereinstimmen, um die besten Ergebnisse zu erzielen.
- Sei dir bewusst, dass harte Inserts destruktive Rückstoßenergie erzeugen können, die den Rahmen und den Lauf deines Gewehrs beschädigen kann.
- Verwende die Inserts nur für die vorgesehenen S&W Modelle (459, 559, 59, 659).

Anweisungen zur Installation und Nutzung

1. Vorbereitung:

- Stelle sicher, dass dein Gewehr sicher und nicht geladen ist, bevor du die Inserts installierst.
- Überprüfe die Inserts auf Beschädigungen, bevor du sie verwendest.

2. Installation:

- Entferne alle alten Inserts, falls vorhanden.
- Setze die GRIP INSERTS vorsichtig in die vorgesehenen Bereiche deines Gewehrs ein.
- Stelle sicher, dass die Inserts fest sitzen und keine Lücken aufweisen.

3. Verwendung:

- Führe deine Tests mit den GRIP INSERTS durch, um die Vibrationen und den Rückstoß zu kontrollieren.
- Achte auf die ersten Millisekunden des Schusses, um sicherzustellen, dass die Inserts korrekt funktionieren.
- Beobachte die Testergebnisse und notiere alle Auffälligkeiten.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgelaufene Inserts gemäß den örtlichen Vorschriften für die Abfallentsorgung.

- Stelle sicher, dass die Inserts nicht in die Hände von Kindern gelangen, wenn du sie entsorgst.

Kontaktinformationen für weitere Unterstützung

- Für Fragen oder Unterstützung zu den GRIP INSERTS wende dich bitte an den Hersteller oder deinen Händler.

Wichtiger Hinweis

Die Verwendung von harten oder 3Dgedruckten Inserts kann zu ernsthaften Schäden an deinem Gewehr führen und sollte unbedingt vermieden werden. Denke daran: Wenn ein harter Insert funktionieren würde, würden alle Waffenhersteller sie bereits verwenden. Sei vorsichtig und wähle die richtigen Inserts für deine Tests!

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR S&W 459, 559, 59, 659

Introduction

Thank you for choosing the Ransom International Grip Inserts. These inserts are designed to enhance your shooting experience by mimicking the human hand's ability to absorb recoil and vibration. To ensure your safety and the safety of others, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the grip inserts as intended to avoid damage to your firearm and ensure accurate testing.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts with your Master Series Ransom Rest, as they can cause damage to your firearm.
- Ensure that all users of the product are aware of the safety guidelines and understand the importance of using the inserts correctly.
- Be cautious of the potential for injury or damage if the product is misused or if hard inserts are employed.
- Regularly inspect the grip inserts for any signs of wear or damage before use.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard or 3Dprinted inserts. These can generate destructive recoil energy that may damage your firearm and lead to unsafe conditions.
- **Understand Recoil Dynamics:** Recognize that vibration and recoil cannot be stopped but can be controlled. Using the designed inserts will help manage these forces effectively.
- **Absorption Characteristics:** The grip inserts are specifically designed to absorb the initial recoil and vibration, ensuring that these forces do not transfer to the firearm.
- **Regular Maintenance:** Check the grip inserts regularly for any signs of wear or failure. Replace them if they show any damage.
- **Follow Manufacturer's Instructions:** Always adhere to the installation and usage instructions provided by the manufacturer to ensure safe operation.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction before beginning installation.
- Carefully remove any existing grip inserts from the firearm.
- Align the Ransom Grip Inserts with the designated areas on the firearm.
- Securely install the grip inserts according to the manufacturer's specifications, ensuring they fit snugly without excessive force.

2. Usage:

- Place the firearm in the Ransom Rest as per the provided instructions.
- Ensure that the machine is in a stable position before firing.
- Monitor the grip inserts during use for any signs of wear or damage.
- After use, clean the grip inserts and the firearm according to standard maintenance procedures.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not dispose of the inserts in regular household waste if they contain materials that require special disposal methods. Check with local waste management authorities for guidance.

Contact Information for Further Support

For any questions or concerns regarding the use of the Ransom Grip Inserts, please consult the manufacturer's website or contact their customer support team. It is important to have access to assistance for any safetyrelated inquiries.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your Ransom Grip Inserts. Always prioritize safety and proper usage to protect yourself and others while enjoying your shooting activities.

Istruzioni di Sicurezza per l'Uso di GRIP INSERTS RANSOM

Introduzione

Benvenuti! Grazie per aver scelto i GRIP INSERTS RANSOM per le vostre pistole S&W 459, 559, 59, 659. Questo manuale fornisce istruzioni importanti per garantire un uso sicuro e corretto del prodotto. Si prega di leggere attentamente tutte le informazioni contenute in questo documento.

Linee Guida Generali di Sicurezza

- Assicurarsi che il prodotto sia utilizzato solo con le pistole specificate.
- Non utilizzare grip inserts rigidi o inserti in plastica stampati in 3D, poiché possono danneggiare l'arma.
- Verificare regolarmente l'integrità degli inserti e sostituirli se mostrano segni di usura.
- Non utilizzare mai il prodotto in condizioni di umidità o in ambienti estremi che potrebbero compromettere le prestazioni.
- Tenere il prodotto lontano dalla portata dei bambini e di gruppi vulnerabili.

Precauzioni di Sicurezza Specifiche per l'Uso

- **Controllo delle Forze:** Gli inserti Ransom sono progettati per assorbire le vibrazioni e il rinculo. Non utilizzare inserti rigidi, poiché non forniranno risultati di test ripetibili e possono danneggiare l'arma.
- **Assorbimento delle Vibrazioni:** Gli inserti assorbono i primi millisecondi di sparo, evitando che le forze di rinculo danneggino l'arma. Assicurarsi che l'inserto sia installato correttamente prima dell'uso.
- **Progettazione Specifica:** Gli inserti sono progettati per abbinarsi al durometro della mano umana. Non tentare di modificare o adattare gli inserti in alcun modo.

Istruzioni per l'Installazione e l'Uso

1. Installazione:

- Rimuovere eventuali grip inserts esistenti dalla pistola.
- Pulire la superficie di contatto per garantire una buona aderenza.
- Inserire i GRIP INSERTS RANSOM seguendo le istruzioni specifiche fornite con il prodotto.
- Assicurarsi che gli inserti siano fissati saldamente e non si muovano.

2. Uso:

- Prima di utilizzare la pistola con gli inserti installati, eseguire un controllo di sicurezza per garantire che non ci siano munizioni nella camera.
- Utilizzare sempre gli inserti durante il tiro per garantire prestazioni ottimali.
- Monitorare le prestazioni della pistola e degli inserti durante l'uso. Se si notano anomalie, interrompere immediatamente l'uso e ispezionare il prodotto.

Istruzioni per lo Smaltimento

- Gli inserti usurati o danneggiati devono essere smaltiti in conformità con le normative locali sui rifiuti.
- Non gettare gli inserti nel normale spazzatura. Contattare un centro di raccolta locale per informazioni sullo smaltimento sicuro.

Informazioni di Contatto per Ulteriori Supporto

Per qualsiasi domanda o preoccupazione riguardo all'uso e alla sicurezza dei GRIP INSERTS RANSOM, si prega di contattare il produttore o il rivenditore presso cui è stato acquistato il prodotto.

Conclusione

Seguendo queste istruzioni e linee guida di sicurezza, è possibile garantire un'esperienza di tiro sicura e soddisfacente con i GRIP INSERTS RANSOM. La sicurezza è la nostra priorità, quindi si prega di prestare attenzione a tutte le avvertenze e alle raccomandazioni fornite.
