

GRIP INSERTS - RANSOM GRIP INSERTS FOR S&W M&P SHIELD 9/40, M&P SHIELD 9 PLUS

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR S&W M&P SHIELD 9/40, M&P SHIELD 9 PLUS
- Manufacturer: RANSOM
- Product no.: 430119477
- Mfr. No.: 30-300-26-28
- Delivery weight: 0.907kg

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM

GRIP INSERTS

Einführung

Herzlich willkommen! Die GRIP INSERTS RANSOM GRIP INSERTS sind speziell für die S&W M&P SHIELD 9/40 und M&P SHIELD 9 PLUS entwickelt. Diese Anleitung bietet wichtige Sicherheitshinweise, um eine sichere und effektive Nutzung der Inserts zu gewährleisten. Bitte lese die folgenden Informationen sorgfältig durch.

Allgemeine Sicherheitsrichtlinien

- **Produktsicherheit:** Die GRIP INSERTS sind so konzipiert, dass sie eine sichere Nutzung gewährleisten. Achte darauf, die Inserts nur gemäß den Anweisungen zu verwenden.
- **Erhöhte Rückrufe:** Informiere dich regelmäßig über Rückrufmeldungen, um sicherzustellen, dass dein Produkt sicher bleibt.
- **OnlineShopping:** Wenn du die Inserts online kaufst, stelle sicher, dass der Anbieter alle Sicherheitsanforderungen erfüllt.
- **Besondere Verbraucherkfokus:** Achte darauf, dass die Inserts nicht für Kinder oder andere gefährdete Gruppen geeignet sind.
- **EUKontaktstelle:** Bei Fragen zur Produktsicherheit kannst du dich an die zuständigen EUBehörden wenden.
- **Schnelle Warnungen:** Halte dich über die Sicherheitshinweise auf der EUSicherheitsplattform auf dem Laufenden.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Verwende die GRIP INSERTS nur mit der vorgesehenen Waffe (S&W M&P SHIELD 9/40, M&P SHIELD 9 PLUS).
- Vermeide die Verwendung von harten Inserts oder 3Dgedruckten Inserts, da diese schädlich für deine Waffe sein können.
- Achte darauf, dass die Inserts richtig installiert sind, um eine optimale Leistung zu gewährleisten.
- Überprüfe regelmäßig den Zustand der Inserts und ersetze sie bei Anzeichen von Abnutzung oder Beschädigung.

Anweisungen für Installation und Nutzung

1. Installation:

- Stelle sicher, dass deine Waffe entladen ist, bevor du mit der Installation der Inserts beginnst.
- Entferne die alten Inserts, falls vorhanden, und reinige den Bereich gründlich.
- Setze die GRIP INSERTS gemäß der Anleitung in die vorgesehenen Halterungen ein.
- Überprüfe, ob die Inserts fest sitzen und keine Bewegungen aufweisen.

2. Nutzung:

- Halte die Waffe mit beiden Händen und achte darauf, dass deine Finger nicht den Abzug berühren, bis du bereit bist, zu schießen.
- Achte darauf, dass die Inserts während des Schießens nicht beschädigt werden.
- Verwende die Waffe nur in einem sicheren und kontrollierten Umfeld.

Entsorgungsanweisungen

- Entsorge die GRIP INSERTS gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Stelle sicher, dass die Inserts nicht in die Umwelt gelangen, um eine Verschmutzung zu vermeiden.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder weitere Informationen zur Sicherheit der GRIP INSERTS wende dich bitte an die zuständigen Behörden oder deinen Händler.

Bitte beachte, dass die Sicherheit deiner Waffe und deiner selbst von größter Bedeutung ist. Folge diesen Anweisungen sorgfältig, um eine sichere Nutzung der GRIP INSERTS zu gewährleisten.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR S&W M&P SHIELD 9/40, M&P SHIELD 9 PLUS

Introduction

Thank you for choosing the Ransom International Grip Inserts for your S&W M&P Shield 9/40 and M&P Shield 9 Plus. These inserts are designed to enhance the performance of your Master Series Ransom Rest by providing a safe and effective means of testing your firearm's accuracy. This guide outlines important safety instructions and precautions to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure you are familiar with the operation of your firearm and the Ransom Rest before using the grip inserts.
- Always handle firearms with care and follow all safety protocols.
- Inspect the grip inserts regularly for any signs of wear or damage before each use.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts as they can cause damage to your firearm.
- Be aware of your surroundings and ensure that you are in a safe environment when conducting tests.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted plastic grip inserts. These can generate destructive recoil energy that may damage your firearm.
- **Understand Recoil Dynamics:** Recognize that vibration and recoil cannot be stopped; they can only be controlled. The grip inserts are designed to absorb these forces, mimicking the human hand.
- **Check for Compatibility:** Ensure that the grip inserts are compatible with your specific firearm model.
- **Monitor for Damage:** Be vigilant for any signs of damage to your firearm after using the grip inserts, as this may indicate that the inserts are not functioning as intended.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded and in a safe condition before proceeding.
- Remove any existing grip inserts from your Master Series Ransom Rest.
- Carefully place the Ransom Grip Inserts into the designated area of the Ransom Rest, ensuring a secure fit.

2. Usage:

- Position your firearm securely in the Ransom Rest, ensuring that it is stable and properly aligned.
- Conduct your tests according to the manufacturer's guidelines, paying attention to the performance of the grip inserts.
- After testing, remove the firearm from the Ransom Rest and inspect both the firearm and the grip inserts for any signs of wear or damage.

Disposal Instructions

- Dispose of any damaged grip inserts in accordance with local regulations.
- Do not throw grip inserts in regular trash if they are made of materials that require special handling.

- Consider recycling options where available for materials that can be recycled.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of your Ransom Grip Inserts, please refer to the manufacturer's contact information provided in the product packaging.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience while using the Ransom Grip Inserts with your S&W M&P Shield 9/40 and M&P Shield 9 Plus. Always prioritize safety and responsibility when handling firearms.

Istruzioni di Sicurezza per i Grip Inserts RANSOM

Introduzione

Benvenuti nel manuale di sicurezza per i Grip Inserts RANSOM progettati per l'uso con il Master Series Ransom Rest. Questi inserti sono progettati per migliorare la precisione durante i test di tiro. È fondamentale seguire le linee guida di sicurezza per garantire un utilizzo sicuro e efficace del prodotto.

Linee Guida Generali di Sicurezza

- Assicurarsi che i Grip Inserts RANSOM siano utilizzati esclusivamente con il Master Series Ransom Rest.
- Non utilizzare grip inserts rigidi o in plastica stampata in 3D, poiché possono danneggiare l'arma e causare incidenti.
- Tenere i Grip Inserts RANSOM lontano dalla portata di bambini e gruppi vulnerabili.
- Controllare regolarmente il prodotto per segni di usura o danni.
- Segnalare eventuali prodotti non sicuri o incidenti alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Utilizzare i Grip Inserts RANSOM solo come indicato nel manuale.
- Assicurarsi che l'arma sia scarica prima di installare o rimuovere gli inserti.
- Non tentare di utilizzare grip inserts di altri produttori o modelli.
- Durante l'uso, mantenere una distanza di sicurezza da altre persone e oggetti.
- In caso di vibrazioni eccessive o malfunzionamenti, interrompere immediatamente l'uso e controllare il prodotto.

Istruzioni per l'Installazione e l'Uso

1. Preparazione dell'Arma

- Assicurarsi che l'arma sia completamente scarica.
- Posizionare l'arma in un'area di lavoro sicura e ben illuminata.

2. Installazione dei Grip Inserts

- Rimuovere qualsiasi grip insert esistente dall'arma.
- Posizionare il Grip Insert RANSOM nel suo alloggiamento, assicurandosi che sia ben fissato.
- Verificare che l'inserto sia allineato correttamente e non presenti giochi.

3. Utilizzo con il Master Series Ransom Rest

- Montare l'arma con i Grip Inserts RANSOM sul Master Series Ransom Rest secondo le istruzioni del produttore.
- Assicurarsi che l'arma sia stabile prima di procedere con il test di tiro.
- Monitorare attentamente l'arma durante il test per eventuali segni di malfunzionamento.

4. Rimozione dei Grip Inserts

- Dopo aver completato il test, rimuovere con cautela i Grip Inserts RANSOM.
- Controllare gli inserti per eventuali danni o usura prima di riporli.

Istruzioni per lo Smaltimento

- Non smaltire i Grip Inserts RANSOM insieme ai rifiuti domestici.

- Seguire le normative locali per il corretto smaltimento di prodotti in plastica e materiali compositi.
- Contattare il proprio comune per informazioni sullo smaltimento di rifiuti speciali.

Informazioni di Contatto per Ulteriori Supporto

Per ulteriori informazioni sui Grip Inserts RANSOM e per segnalare eventuali problemi di sicurezza, contattare il produttore o visitare il sito web ufficiale.

Queste istruzioni di sicurezza sono state redatte per garantire un utilizzo sicuro e responsabile dei Grip Inserts RANSOM. Si prega di seguire tutte le linee guida e di rimanere informati su eventuali aggiornamenti relativi alla sicurezza del prodotto.
