

GRIP INSERTS - RANSOM GRIP INSERTS FOR TAURUS.PT-138

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR TAURUS.PT-138
- Manufacturer: RANSOM
- Product no.: 430119499
- Mfr. No.: 30-300-28-03
- Delivery weight: 0.907kg
- UPC: 810132583056

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM

GRIP INSERTS FÜR TAURUS.PT138

Einleitung

Herzlich willkommen zu den Sicherheitshinweisen für die GRIP INSERTS RANSOM GRIP INSERTS für deine Taurus PT138. Diese Anleitung soll dir helfen, das Produkt sicher zu verwenden und potenzielle Gefahren zu vermeiden. Bitte lese diese Hinweise sorgfältig durch, um sicherzustellen, dass du das volle Potenzial deiner Grip Inserts ausschöpfen kannst.

Allgemeine Sicherheitshinweise

- Stelle sicher, dass du die Grip Inserts nur mit der vorgesehenen Waffe verwendest.
- Verwende keine harten Grip Inserts oder 3Dgedruckten KunststoffInserts, da diese deinem Gewehr schaden können.
- Halte die Inserts von Kindern fern, um Verletzungen zu vermeiden.
- Achte darauf, dass du die Inserts regelmäßig auf Beschädigungen überprüfst.
- Bei unsachgemäßer Verwendung können schwere Verletzungen oder sogar der Tod auftreten.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Harte Inserts können schädliche Rückstoßenergien erzeugen.
- Diese Rückstoßenergien können durch den Rahmen und den Lauf des Gewehrs reisen und Schäden verursachen.
- Die RANSOM Grip Inserts sind so konzipiert, dass sie die DurometerHärte der menschlichen Hand nachahmen und somit die Rückstoßdynamik besser absorbieren.
- Vermeide es, zerstörerische oder Genauigkeitstests durchzuführen, ohne die menschliche Rückstoßdynamik nachzuahmen.

Anweisungen für Installation und Nutzung

1. Vorbereitung:

- Stelle sicher, dass das Gewehr entladen ist, bevor du die Inserts installierst.
- Überprüfe die Inserts auf Beschädigungen, bevor du sie verwendest.

2. Installation:

- Setze die RANSOM Grip Inserts entsprechend der Anleitung des Herstellers in die vorgesehenen Halterungen ein.
- Stelle sicher, dass die Inserts fest sitzen und keine Spielräume vorhanden sind.

3. Nutzung:

- Beginne mit einer sicheren Position und halte das Gewehr stabil.
- Achte darauf, dass die Inserts richtig funktionieren und die Rückstoßdynamik nicht beeinträchtigt wird.
- Beobachte die ersten Millisekunden nach dem Schuss, um sicherzustellen, dass die Inserts die Vibration und den Rückstoß absorbieren.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Achte darauf, dass die Inserts nicht in die Hände von Kindern gelangen, während du sie entsorgst.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder weitere Informationen zu diesem Produkt wende dich bitte an den Hersteller oder den Händler, bei dem du das Produkt erworben hast. Bei Sicherheitsanfragen kannst du auch die EUSicherheitsplattform Safety Gate konsultieren, um aktuelle Informationen zu Rückrufen und Sicherheitswarnungen zu erhalten.

Bitte beachte: Diese Sicherheitshinweise sind wichtig, um deine Sicherheit und die Sicherheit anderer zu gewährleisten. Halte dich an die Anweisungen und nutze die Inserts verantwortungsvoll.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR TAURUS.PT138

Introduction

Thank you for choosing the Ransom International Grip Inserts for your Taurus PT138. This guide provides important safety instructions to ensure the safe use of this product. It is essential to follow these guidelines to prevent injuries and ensure optimal performance.

General Safety Guidelines

- Ensure safe use of the Grip Inserts by following the manufacturer's instructions.
- Be aware of potential risks associated with the use of hard grip inserts or 3Dprinted plastic grip inserts.
- Regularly check for updates on product safety and recalls via the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.
- Keep the product out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- **Do Not Use Hard Inserts:** Hard grip inserts or 3Dprinted plastic inserts can damage your firearm by generating destructive recoil energy. This energy can adversely affect the frame and barrel of your gun.
- **Replicate HumanLike Recoil:** The inserts are designed to mimic the durometer of the human hand, absorbing recoil forces effectively. Using hard inserts will not provide repeatable test results.
- **Monitor for Damage:** Damage from hard inserts may not be immediately visible but can accrue with each shot, potentially shortening the life of your firearm.
- **Avoid Injury:** Using hard inserts may lead to serious injury or even death if the firearm malfunctions due to improper testing conditions.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded before installing the grip inserts.
- Follow the manufacturer's guidelines for proper installation of the inserts.
- Ensure that the inserts fit snugly and securely in the grip area of the firearm.

2. Usage:

- Use the Ransom Rest with the proper grip inserts designed for your firearm model.
- Conduct all tests in a safe environment, following standard firearm safety protocols.
- Monitor the performance of the inserts during use to ensure they are functioning as intended.
- Avoid using hard grip inserts or 3Dprinted inserts at all times.

Disposal Instructions

- Dispose of any damaged or unusable grip inserts in accordance with local regulations.
- Do not dispose of the inserts in regular household waste if they are made from materials that require special handling.

Contact Information for Further Support

For additional support or inquiries regarding the Ransom International Grip Inserts, please refer to the

appropriate contact channels provided by the manufacturer.

By adhering to these safety guidelines, you can ensure a safer experience with your Ransom International Grip Inserts. Thank you for your attention to these important instructions.

Istruzioni di Sicurezza per l'Utilizzo degli INSERTS RANSOM per Taurus PT138

Introduzione

Benvenuto! Questo documento fornisce linee guida di sicurezza essenziali per l'uso degli INSERTS RANSOM progettati per il Taurus PT138. È fondamentale seguire queste istruzioni per garantire un utilizzo sicuro e ottimale del prodotto.

Linee Guida Generali di Sicurezza

- Assicurati che il prodotto sia utilizzato esclusivamente per il suo scopo previsto.
- Non utilizzare inserti rigidi o stampati in 3D, poiché possono danneggiare l'arma e compromettere la sicurezza.
- Verifica regolarmente il prodotto per eventuali segni di usura o danni.
- Conserva gli INSERTS RANSOM in un luogo asciutto e sicuro, lontano dalla portata di bambini e animali.
- Segnala eventuali prodotti non sicuri o incidenti alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli INSERTS RANSOM sono progettati per assorbire il rinculo e le vibrazioni. Utilizzare solo questi inserti per garantire prestazioni ottimali.
- Evita di utilizzare inserti di materiale rigido, che possono ridurre la vita della canna e dell'arma.
- Non tentare di modificare o riparare gli inserti. Qualsiasi modifica può compromettere la loro funzionalità e sicurezza.
- Durante l'uso, assicurati che l'arma sia in una posizione stabile e sicura per evitare movimenti imprevisti.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli INSERTS RANSOM:

- Rimuovi gli inserti esistenti dalla tua impugnatura.
- Pulisci l'area di installazione per rimuovere polvere e detriti.
- Inserisci gli INSERTS RANSOM nell'impugnatura seguendo le istruzioni del produttore.
- Assicurati che gli inserti siano ben fissati e privi di giochi.

2. Uso degli INSERTS RANSOM:

- Monta l'arma su un Master Series Ransom Rest per testare le prestazioni.
- Assicurati che gli inserti assorbano correttamente il rinculo durante il tiro.
- Controlla frequentemente il funzionamento degli inserti per garantire che non ci siano segni di usura.

Istruzioni per lo Smaltimento

- Gli INSERTS RANSOM devono essere smaltiti in conformità con le normative locali sui rifiuti.
- Non gettare gli inserti nel normale cestino dei rifiuti. Contatta un centro di smaltimento autorizzato per informazioni su come smaltirli in modo sicuro.

Informazioni di Contatto per Ulteriore Supporto

Per domande o ulteriori informazioni sui prodotti, ti invitiamo a contattare il tuo rivenditore o il produttore.

Assicurati di avere a disposizione il numero di modello e altre informazioni pertinenti per ricevere assistenza.

Conclusione

Seguendo queste istruzioni di sicurezza, contribuirai a garantire un utilizzo sicuro e efficace degli INSERTS RANSOM per il tuo Taurus PT138. La tua sicurezza è la nostra priorità.
