

GRIP INSERTS - RANSOM GRIP INSERTS FOR CANIK TP9 SF/TP9 SF LE/TP9 SFX/TP9 SA/SFX

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR CANIK TP9 SF/TP9 SF LE/TP9 SFX/TP9 SA/SFX
- Manufacturer: RANSOM
- Product no.: 430119554
- Mfr. No.: 30-300-45-01
- Delivery weight: 0.907kg
- Shipping height: 152mm
- Shipping width: 152mm
- Shipping length: 152mm
- UPC: 810132580451

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die RANSOM GRIP INSERTS

Einleitung

Willkommen zu den Sicherheitshinweisen für die RANSOM GRIP INSERTS, die speziell für die Canik TP9 Serie entwickelt wurden. Diese Anleitung soll dir helfen, die Sicherheit bei der Nutzung dieses Produkts zu gewährleisten und mögliche Risiken zu minimieren.

Allgemeine Sicherheitsrichtlinien

- Die RANSOM GRIP INSERTS sind so konzipiert, dass sie die Sicherheit bei der Nutzung deiner Waffe erhöhen.
- Verwende die Inserts nur in Kombination mit der Ransom Rest Master Series, um optimale Ergebnisse zu erzielen.
- Achte darauf, dass du die Inserts regelmäßig auf Abnutzung überprüfst.
- Melde unsichere Produkte oder Vorfälle sofort den zuständigen Behörden.

Spezifische Sicherheitsvorkehrungen für die Nutzung

- **Vermeide harte Grip Inserts:** Harte Inserts oder 3Dgedruckte KunststoffGrip Inserts können deinem Gewehr schaden und gefährliche Rückstoßenergien erzeugen.
- **Überprüfe die Inserts:** Stelle sicher, dass die Inserts in gutem Zustand sind und keine Risse oder Beschädigungen aufweisen.
- **Beobachte die Testergebnisse:** Wenn du inkonsistente Testergebnisse erhältst, überprüfe die Inserts und die Installation.
- **Sicherheit für Benutzer:** Achte darauf, dass nur geschulte Personen mit der Waffe und den Inserts umgehen.

Anweisungen für Installation und Nutzung

• Installation der RANSOM GRIP INSERTS:

1. Entferne die alten Inserts, falls vorhanden, vorsichtig aus der Ransom Rest.
2. Setze die neuen RANSOM GRIP INSERTS gemäß der Anleitung des Herstellers ein.
3. Stelle sicher, dass die Inserts fest sitzen und keine Lücken aufweisen.

• Nutzung der RANSOM GRIP INSERTS:

1. Stelle sicher, dass die Waffe sicher und korrekt in der Ransom Rest positioniert ist.
2. Führe den Schuss wie gewohnt aus und beobachte die Reaktion der Waffe.
3. Überprüfe nach jedem Schuss die Inserts auf Abnutzung oder Beschädigungen.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für die Entsorgung von Kunststoffabfällen.
- Achte darauf, dass alle Teile sicher verpackt sind, um Verletzungen während der Entsorgung zu vermeiden.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder Unterstützung wende dich bitte an den Hersteller oder einen autorisierten Händler. Achte darauf, dass du alle relevanten Informationen zu deinem Produkt bereithältst.

Diese Sicherheitshinweise sind wichtig, um die sichere Nutzung der RANSOM GRIP INSERTS zu gewährleisten. Befolge die Anweisungen sorgfältig und halte dich an die allgemeinen Sicherheitsrichtlinien, um Risiken zu minimieren.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR CANIK TP9

Introduction

Thank you for choosing the Ransom International Grip Inserts for your Canik TP9 series firearms. These grip inserts are specially designed to enhance your shooting experience by mimicking the natural feel and recoil absorption of the human hand. This guide provides essential safety instructions to ensure the proper use and maintenance of the grip inserts, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure safe use of the grip inserts by following these guidelines:
 - Always use the grip inserts as intended and according to the manufacturer's instructions.
 - Do not use hard grip inserts or 3Dprinted plastic grip inserts, as they can damage your firearm and compromise safety.
 - Be aware of the potential hazards associated with improper use of the grip inserts.
 - Regularly check for any damage to the grip inserts and replace them if necessary.
 - Keep the grip inserts out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- Follow these safety precautions to avoid potential hazards:
 - Do not use the grip inserts if they show signs of wear or damage.
 - Ensure that the grip inserts are properly installed before using your firearm.
 - Avoid using hard or poorly engineered inserts, as they may not replicate humanlike recoil and can lead to inaccurate test results.
 - Be cautious when conducting destructive or accuracy testing; always mimic humanlike handling to ensure valid results.
 - Understand that using hard inserts can decrease the lifespan of your firearm and may cause injury if not properly managed.

Instructions for Installation and Usage

- To ensure safe and effective use of the grip inserts, follow these instructions:

1. Installation:

- Ensure your firearm is unloaded before beginning installation.
- Remove any existing grip inserts from your firearm.
- Align the Ransom grip inserts with the grip of your firearm.
- Securely attach the grip inserts, ensuring they fit snugly without any gaps.
- Doublecheck that the inserts are installed correctly before proceeding to use the firearm.

2. Usage:

- When using the firearm with the grip inserts, maintain a firm grip to ensure stability.
- Be aware that the grip inserts are designed to absorb recoil and vibration, simulating the human hand.
- Monitor the performance of the grip inserts during use and replace them if you notice any degradation in quality.
- After use, clean the grip inserts according to the manufacturer's recommendations to

maintain their integrity.

Disposal Instructions

- Proper disposal of the grip inserts is essential to ensure environmental safety:
 - Do not dispose of the grip inserts in regular household waste.
 - Check local regulations for proper disposal methods of plastic materials.
 - If the grip inserts are damaged or worn out, consider recycling them if possible, or dispose of them at a designated waste facility.

Contact Information for Further Support

- For any questions or concerns regarding the safety and use of the grip inserts, please refer to the manufacturer's contact information provided with your product packaging. It is important to reach out for support if you encounter any issues or need further assistance.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with the Ransom International Grip Inserts for your Canik TP9 series firearms. Always prioritize safety and proper usage to protect yourself and others while enjoying your shooting activities. Thank you for your attention to these guidelines.

Istruzioni di Sicurezza per l'Uso di GRIP INSERTS RANSOM

Introduzione

Benvenuto nel manuale di sicurezza per i GRIP INSERTS RANSOM progettati per Canik TP9 SF/TP9 SF LE/TP9 SFX/TP9 SA/SFX. Questo documento fornisce informazioni importanti per garantire un uso sicuro e responsabile del prodotto. Si prega di leggere attentamente queste istruzioni prima di utilizzare gli inserti.

Linee Guida Generali di Sicurezza

- Assicurati che il prodotto sia utilizzato solo per l'uso previsto.
- Non utilizzare inserti rigidi o stampati in 3D, poiché possono danneggiare l'arma e compromettere la sicurezza.
- Controlla regolarmente il prodotto per eventuali segni di usura o danni.
- Segnala immediatamente eventuali prodotti non sicuri o incidenti alle autorità competenti.
- Rimani informato sulle eventuali comunicazioni di richiamo attraverso la piattaforma Safety Gate dell'UE.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti RANSOM sono progettati per offrire comfort e assorbire l'impatto, replicando il comportamento della mano umana.
- Non utilizzare gli inserti in situazioni di alta pressione o in condizioni estreme che potrebbero compromettere le prestazioni.
- Non tentare di modificare o riparare gli inserti. Qualsiasi modifica può compromettere la sicurezza e le prestazioni.
- Assicurati che tutti gli utenti siano informati sulle corrette procedure di utilizzo e sulle precauzioni di sicurezza.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli Inserti:

- Rimuovi con attenzione gli inserti esistenti dal tuo dispositivo.
- Posiziona gli inserti RANSOM nei punti designati, assicurandoti che siano ben fissati.
- Verifica che non ci siano spazi o movimenti eccessivi dopo l'installazione.

2. Uso degli Inserti:

- Prima di utilizzare il tuo Canik TP9 con gli inserti RANSOM, assicurati che l'arma sia scarica e in una posizione sicura.
- Utilizza gli inserti durante le sessioni di tiro per garantire un assorbimento ottimale dell'impatto.
- Dopo ogni sessione di tiro, controlla gli inserti per eventuali segni di usura o danni.

Istruzioni per lo Smaltimento

- Gli inserti RANSOM devono essere smaltiti in conformità con le normative locali sui rifiuti.
- Non gettare gli inserti nella spazzatura domestica. Contatta il tuo servizio di smaltimento locale per istruzioni specifiche.
- Se gli inserti sono danneggiati o non utilizzabili, assicurati di smaltirli in modo sicuro per evitare incidenti.

Informazioni di Contatto per Ulteriori Supporto

Per ulteriori informazioni sulla sicurezza del prodotto o per segnalare un problema, ti invitiamo a contattare il tuo rivenditore o il servizio clienti del produttore. Assicurati di avere il numero di modello e altre informazioni pertinenti a portata di mano.

Si prega di seguire queste istruzioni per garantire un utilizzo sicuro e responsabile degli inserti GRIP RANSOM. La sicurezza è una priorità e il corretto utilizzo del prodotto contribuirà a garantire prestazioni ottimali e a ridurre il rischio di incidenti.
