

GRIP INSERTS - RANSOM GRIP INSERTS FOR POLYMER 80 PF45

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR POLYMER 80 PF45
- Manufacturer: RANSOM
- Product no.: 430119560
- Mfr. No.: 30-300-48-02
- Delivery weight: 0.907kg
- UPC: 810132581755

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die GRIP INSERTS

RANSOM GRIP INSERTS FÜR POLYMER 80 PF45

Einleitung

Herzlichen Glückwunsch zum Kauf der RANSOM GRIP INSERTS für deine Polymer 80 PF45. Diese Inserts sind speziell entwickelt, um die Leistung und Sicherheit deines Schießgeräts zu maximieren. Bitte lies diese Sicherheitshinweise sorgfältig durch, um sicherzustellen, dass du das Produkt sicher und effektiv verwendest.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die Inserts nur mit dem empfohlenen Ransom Rest verwendest.
- Halte die Inserts und das Schießgerät außerhalb der Reichweite von Kindern.
- Verwende die Inserts nicht, wenn sie beschädigt oder abgenutzt sind.
- Überprüfe regelmäßig die Inserts auf Risse oder andere Anzeichen von Verschleiß.
- Informiere dich über die Sicherheitsbestimmungen in deinem Land bezüglich der Nutzung von Schießgeräten.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Vermeide die Nutzung von harten Grip Inserts oder 3Dgedruckten Kunststoffinserts, da diese deinem Gewehr schaden können.
- Harte Inserts können destruktive Rückstoßenergie erzeugen, die die Struktur deines Schießgeräts beeinträchtigen kann.
- Stelle sicher, dass die Inserts korrekt installiert sind, um die bestmögliche Leistung zu gewährleisten.
- Teste das Schießgerät immer in einer sicheren Umgebung und achte auf die Rückstoßdämpfung durch die Inserts.

Anweisungen für Installation und Nutzung

1. Vorbereitung:

- Stelle sicher, dass das Schießgerät entladen ist.
- Reinige den Bereich, in dem die Inserts installiert werden sollen.

2. Installation:

- Entferne die alten Inserts, falls vorhanden.
- Setze die RANSOM Grip Inserts gemäß der beiliegenden Anleitung in den vorgesehenen Platz ein.
- Stelle sicher, dass die Inserts fest sitzen und keine Lücken aufweisen.

3. Nutzung:

- Teste das Schießgerät zunächst mit leichten Schüssen, um sicherzustellen, dass die Inserts ordnungsgemäß funktionieren.
- Achte während des Schießens auf Anzeichen von abnormalem Rückstoß oder Vibrationen.
- Bei Problemen ziehe die Inserts sofort heraus und überprüfe sie auf Beschädigungen.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Die Inserts sollten nicht im Hausmüll entsorgt werden. Suche nach einer Recyclingstelle in deiner Nähe.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder weitere Informationen zu den RANSOM GRIP INSERTS wende dich bitte an den Hersteller oder deinen Händler. Achte darauf, dass du alle Sicherheitsrichtlinien befolgst und die Inserts regelmäßig überprüfst.

Bitte beachte diese Sicherheitsrichtlinien, um die Sicherheit für dich und andere während der Nutzung der RANSOM GRIP INSERTS zu gewährleisten. Dein Schutz und die Langlebigkeit deines Schießgeräts stehen an erster Stelle!

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR POLYMER 80 PF45

Introduction

Thank you for choosing the Ransom International Grip Inserts for your Polymer 80 PF45. This guide provides essential safety instructions and guidelines to ensure the safe use and longevity of your product. Please read this document carefully before using the grip inserts.

General Safety Guidelines

- Ensure safe use of the product to avoid injury or damage.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts, as they can damage your firearm.
- Follow all instructions for installation and usage to prevent accidents.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Hard grip inserts can generate destructive recoil energy that harms the firearm.
- **Use Only Designed Inserts:** The grip inserts are specifically designed to match the durometer of the human hand, absorbing recoil effectively.
- **Monitor for Damage:** Damage may not be immediately visible but can accumulate with each shot. Regularly inspect your firearm and inserts for signs of wear.
- **Understand Recoil Dynamics:** Recognize that vibration and recoil cannot be stopped but can be controlled. Proper inserts help manage these forces.
- **Follow Testing Protocols:** For accurate testing, mimic humanlike recoil with the appropriate grip inserts. Avoid using hard or 3Dprinted inserts for testing purposes.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and in a safe condition before installation.
- Remove any existing grip inserts if applicable.
- Carefully follow the manufacturer's instructions for attaching the Ransom grip inserts to your firearm.
- Ensure that the inserts are securely fitted and do not move during use.

2. Usage:

- Always use the Ransom Rest in a stable and secure environment.
- Monitor your grip inserts for any signs of wear or damage before each use.
- After each session, inspect the firearm for any potential damage caused by improper inserts.
- If you notice unusual wear or damage to your firearm or inserts, discontinue use and consult with a qualified professional.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not dispose of the inserts in regular household waste. Check for recycling options or special waste disposal facilities in your area.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact points as provided on the packaging or product documentation.

Thank you for your attention to these safety instructions. Your safety and the proper functioning of your firearm are our top priorities.

Istruzioni di Sicurezza per l'uso di GRIP INSERTS RANSOM GRIP INSERTS PER POLYMER 80 PF45

Introduzione

Benvenuto nel manuale di sicurezza per gli inserti grip Ransom per il tuo Ransom Rest Master Series. Questo prodotto è progettato per garantire prestazioni ottimali e proteggere la tua arma. È fondamentale seguire le istruzioni di sicurezza per evitare danni e garantire un uso corretto.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo inserti Ransom originali. L'uso di inserti rigidi o stampati in 3D può causare danni all'arma e compromettere la tua sicurezza.
- Controlla regolarmente il tuo Ransom Rest e gli inserti per eventuali segni di usura o danni.
- Non utilizzare gli inserti in condizioni che potrebbero compromettere la loro integrità o la tua sicurezza.
- Segnala eventuali prodotti non sicuri o incidenti alle autorità competenti.
- Controlla le informazioni sui richiami dei prodotti sulla piattaforma Safety Gate dell'UE.

Precauzioni di Sicurezza Specifiche per l'Uso

- Non utilizzare inserti rigidi o stampati in 3D con il tuo Ransom Rest Master Series.
- Gli inserti sono progettati per assorbire vibrazioni e rinculo. Un inserto rigido non fornirà risultati di test ripetibili e può danneggiare l'arma.
- Se noti vibrazioni eccessive o suoni anomali durante l'uso, interrompi immediatamente l'operazione e verifica gli inserti.
- Non tentare di modificare o riparare gli inserti in modo non autorizzato.

Istruzioni per l'Installazione e l'Uso

1. Preparazione:

- Assicurati che il Ransom Rest sia posizionato su una superficie stabile e piana.
- Controlla che l'arma sia scarica e priva di munizioni prima di procedere all'installazione degli inserti.

2. Installazione degli Inserti:

- Rimuovi gli inserti esistenti (se presenti) seguendo le istruzioni del produttore.
- Inserisci gli inserti Ransom nel Ransom Rest, assicurandoti che siano saldamente posizionati.
- Verifica che non ci siano spazi vuoti o allentamenti.

3. Utilizzo del Ransom Rest:

- Posiziona l'arma nel Ransom Rest, assicurandoti che sia correttamente allineata.
- Esegui i test di tiro seguendo le pratiche di sicurezza standard.
- Monitora le prestazioni degli inserti durante l'uso e verifica eventuali segni di usura.

Istruzioni per lo Smaltimento

- Gli inserti Ransom possono essere smaltiti nei rifiuti domestici, a meno che non siano danneggiati o contaminati.
- Segui le normative locali per lo smaltimento di materiali potenzialmente pericolosi.
- Non gettare gli inserti nell'ambiente naturale.

Informazioni di Contatto per Ulteriore Supporto

Per ulteriori informazioni sulla sicurezza e sull'uso corretto degli inserti Ransom, ti invitiamo a contattare il tuo rivenditore o il produttore per assistenza.

Ricorda che la sicurezza è la tua priorità. Segui queste istruzioni e goditi un'esperienza di tiro sicura e soddisfacente.
