

GRIP INSERTS - RANSOM GRIP INSERTS FOR PALMETTO PSA DAGGER

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR PALMETTO PSA DAGGER
- Manufacturer: RANSOM
- Product no.: 430119568
- Mfr. No.: 30-300-53-01
- Delivery weight: 0.907kg
- UPC: 810132581694

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM GRIP INSERTS FÜR PALMETTO PSA DAGGER

Einführung

Die GRIP INSERTS RANSOM GRIP INSERTS sind eine innovative Lösung, die speziell für die Verwendung mit dem Palmetto PSA Dagger entwickelt wurde. Diese Anleitung bietet wichtige Sicherheitsinformationen, um sicherzustellen, dass du das Produkt sicher und effektiv verwenden kannst.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die GRIP INSERTS nur für den vorgesehenen Zweck verwendest.
- Verwende keine harten Grip Inserts oder 3Dgedruckte KunststoffGrip Inserts, da diese deinem Gewehr schaden können.
- Achte darauf, dass die Inserts der DurometerHärte der menschlichen Hand entsprechen, um optimale Ergebnisse zu erzielen.
- Berücksichtige, dass Schäden durch unsachgemäße Verwendung möglicherweise nicht sofort sichtbar sind, sich jedoch mit der Zeit ansammeln können.
- Halte dich über Rückrufmeldungen auf dem Laufenden, um sicherzustellen, dass dein Produkt sicher ist.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Verwende die Inserts nur in Verbindung mit dem Ransom Rest, um die besten Ergebnisse zu erzielen.
- Achte darauf, dass die Inserts richtig installiert sind, um eine effektive Absorption von Vibrationen und Rückstoß zu gewährleisten.
- Vermeide die Verwendung von harten oder 3Dgedruckten Inserts, um Verletzungen oder Schäden an der Waffe zu verhindern.
- Sei vorsichtig bei der Handhabung und Installation der Inserts, um Verletzungen zu vermeiden.
- Überprüfe regelmäßig den Zustand der Inserts und der Waffe auf Anzeichen von Abnutzung oder Beschädigung.

Anweisungen für Installation und Verwendung

1. **Vorbereitung:** Stelle sicher, dass die Waffe entladen und sicher ist, bevor du mit der Installation beginnst.
2. **Installation der Inserts:**
 - Entferne die alten Inserts, falls vorhanden.
 - Setze die GRIP INSERTS vorsichtig in die vorgesehene Halterung ein.
 - Stelle sicher, dass die Inserts fest sitzen und richtig ausgerichtet sind.
3. **Verwendung:**
 - Halte die Waffe wie gewohnt, wobei die Inserts die Vibration und den Rückstoß absorbieren.
 - Führe deine Schüsse durch und achte auf die Handhabung der Waffe.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den lokalen Vorschriften für Kunststoffabfälle.
- Achte darauf, dass du die Inserts nicht einfach im allgemeinen Müll entsorgst, um die Umwelt zu schützen.

Kontaktinformationen für weitere Unterstützung

Für weitere Informationen oder Unterstützung zu den GRIP INSERTS RANSOM GRIP INSERTS wende dich bitte an den Hersteller oder einen autorisierten Händler. Achte darauf, dass du alle Sicherheitsrichtlinien befolgst und

bei Fragen die entsprechenden Kontakte nutzt.

Bitte beachte, dass die Sicherheit deiner Waffe und deiner Person von der richtigen Verwendung und Pflege der GRIP INSERTS abhängt. Halte dich an diese Anweisungen, um ein sicheres und effektives Schießen zu gewährleisten.

Safety Instruction Guide for Ransom Grip Inserts for Palmetto PSA Dagger

Introduction

Thank you for choosing the Ransom Grip Inserts for your Palmetto PSA Dagger. These inserts are designed to enhance the performance of your Master Series Ransom Rest by mimicking the natural feel of the human hand. It is essential to use these inserts correctly to ensure safety and maintain the integrity of your firearm. This guide provides important safety information, usage instructions, and contact information for further support.

General Safety Guidelines

- Ensure safe use of the Ransom Grip Inserts by following these guidelines:
 - Always handle firearms with care and in accordance with standard safety practices.
 - Do not use hard grip inserts or 3Dprinted plastic grip inserts, as they can cause damage to your firearm.
 - Be aware of the recoil and vibration generated during shooting, and understand that improper use of inserts can lead to inaccurate test results and potential harm.
 - Regularly check your equipment for wear and tear, and replace any damaged components promptly.

Specific Safety Precautions for Use

- To avoid hazards associated with the use of Ransom Grip Inserts, please observe the following precautions:
 - **Avoid Hard Inserts:** Using hard or 3Dprinted inserts can damage the firearm and lead to unsafe conditions.
 - **Proper Installation:** Ensure that the grip inserts are installed correctly to avoid any malfunction during use.
 - **Monitoring Usage:** Keep an eye on the performance of the inserts during testing to identify any issues early on.
 - **Training:** Ensure that all users are trained in the proper handling and testing procedures of the firearm and the Ransom Grip Inserts.

Instructions for Installation and Usage

- Follow these steps for the correct installation and usage of the Ransom Grip Inserts:
 1. **Preparation:** Ensure that the Ransom Rest and the firearm are clean and free of debris.
 2. **Insert Installation:**
 - Carefully remove any existing grip inserts if applicable.
 - Align the Ransom Grip Inserts with the designated slots in the Ransom Rest.
 - Firmly press the inserts into place until they are securely fitted.
 3. **Testing:**
 - Before conducting any tests, ensure that the firearm is properly secured in the Ransom Rest.
 - Conduct a test shot to confirm that the inserts are functioning as intended, absorbing recoil and vibration effectively.
 4. **PostUsage Check:**
 - After testing, inspect the grip inserts for any signs of wear or damage.
 - Replace any damaged inserts before the next use to maintain safety and performance.

Disposal Instructions

- Dispose of any damaged or worn grip inserts responsibly:
 - Check local regulations for proper disposal methods of plastic materials.
 - Do not dispose of inserts in a manner that could pose a risk to the environment or public safety.

Contact Information for Further Support

- For any safety inquiries or concerns regarding the Ransom Grip Inserts, please refer to the contact information provided with your product packaging or on the manufacturer's website.

Conclusion

By following the guidelines and instructions outlined in this safety instruction guide, you can ensure the safe and effective use of Ransom Grip Inserts for your Palmetto PSA Dagger. Always prioritize safety and proper handling to protect yourself and others. Thank you for your attention to these important safety measures.

Istruzioni di Sicurezza per l'Utilizzo degli Inserti Grip Ransom per Palmetto PSA Dagger

Introduzione

Grazie per aver scelto gli Inserti Grip Ransom progettati specificamente per il Palmetto PSA Dagger. Questo manuale fornisce importanti informazioni sulla sicurezza per garantire un utilizzo corretto e sicuro del prodotto. Si prega di leggere attentamente queste istruzioni prima dell'installazione e dell'uso.

Linee Guida Generali di Sicurezza

- Assicurarsi che gli inserti siano compatibili con il proprio Ransom Rest e il modello di arma.
- Non utilizzare inserti rigidi o stampati in 3D, in quanto possono danneggiare l'arma e compromettere la sicurezza.
- Gli inserti grip sono progettati per assorbire il rinculo e le vibrazioni, proteggendo sia l'arma che l'utente.
- Segnalare eventuali prodotti non sicuri o incidenti alle autorità competenti.
- Controllare regolarmente gli aggiornamenti sui richiami sulla piattaforma Safety Gate dell'UE.

Precauzioni di Sicurezza Specifiche per l'Uso

- Non utilizzare gli inserti grip per scopi diversi da quelli previsti.
- Assicurarsi che gli inserti siano installati correttamente prima di utilizzare l'arma.
- Tenere gli inserti e l'arma lontano dalla portata di bambini o persone non autorizzate.
- Non tentare di modificare o riparare gli inserti senza assistenza professionale.
- Monitorare regolarmente l'usura degli inserti e sostituirli se necessario.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli Inserti Grip:

- Rimuovere il Ransom Rest dalla sua posizione di stoccaggio.
- Assicurarsi che l'area di lavoro sia pulita e priva di detriti.
- Posizionare gli inserti grip nel Ransom Rest seguendo le istruzioni del produttore.
- Verificare che gli inserti siano saldamente fissati prima di procedere.

2. Uso degli Inserti Grip:

- Posizionare l'arma nel Ransom Rest con gli inserti grip installati.
- Assicurarsi che l'arma sia in una posizione stabile e sicura.
- Eseguire il tiro seguendo le linee guida di sicurezza standard per l'uso delle armi da fuoco.
- Monitorare le prestazioni degli inserti grip durante l'uso e apportare modifiche se necessario.

Istruzioni per lo Smaltimento

- Gli inserti grip e il Ransom Rest devono essere smaltiti secondo le normative locali sui rifiuti.
- Non gettare gli inserti in contenitori di rifiuti generici; verificare se ci sono programmi di riciclaggio disponibili nella propria area.
- Seguire le indicazioni locali per lo smaltimento di materiali non biodegradabili.

Informazioni di Contatto per Ulteriori Supporto

Per ulteriori informazioni o supporto, si consiglia di contattare il produttore attraverso i canali ufficiali.

Assicurarsi di avere a disposizione il numero di modello e altre informazioni pertinenti quando si richiede assistenza.

Conclusione

Seguire queste istruzioni di sicurezza garantirà un'esperienza di utilizzo sicura e soddisfacente con gli Inserti Grip Ransom per il Palmetto PSA Dagger. La sicurezza è la nostra priorità, e ci impegniamo a fornire prodotti che rispettino gli standard di sicurezza dell'Unione Europea.
