

GRIP INSERTS - RANSOM GRIP INSERTS FOR TISAS PX9 GEN2

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR TISAS PX9 GEN2
- Manufacturer: RANSOM
- Product no.: 430119578
- Mfr. No.: 30-300-64-02
- Delivery weight: 0.907kg
- UPC: 810132583162

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die GRIP INSERTS

RANSOM GRIP INSERTS FÜR TISAS PX9 GEN2

Einleitung

Die RANSOM GRIP INSERTS sind speziell für die TISAS PX9 GEN2 entwickelt und bieten eine sichere und effektive Lösung für dein Einschießgerät. Diese Anleitung soll dir helfen, die Sicherheit bei der Verwendung der Inserts zu gewährleisten und mögliche Risiken zu minimieren.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die Inserts nur gemäß den Anweisungen verwendest.
- Überprüfe die Inserts regelmäßig auf Abnutzung oder Beschädigungen.
- Halte die Inserts außerhalb der Reichweite von Kindern und Haustieren.
- Melde unsichere Produkte oder Unfälle den zuständigen Behörden.
- Informiere dich über Rückrufupdates auf der EU Safety Gate Plattform.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Verwende keine harten oder 3Dgedruckten Inserts, da diese die Funktionalität deines Gewehrs beeinträchtigen können.
- Achte darauf, dass die Inserts richtig im Ransom Rest installiert sind, um eine optimale Leistung zu gewährleisten.
- Vermeide es, die Inserts über längere Zeit extremen Temperaturen oder Feuchtigkeit auszusetzen.
- Nutze die Inserts nur in Verbindung mit kompatiblen Waffenmodellen.

Anweisungen für Installation und Verwendung

1. Installation der Inserts:

- Entferne die alten Inserts aus deinem Ransom Rest.
- Setze die RANSOM GRIP INSERTS vorsichtig und gleichmäßig in die vorgesehenen Halterungen ein.
- Stelle sicher, dass die Inserts fest sitzen und keine Lücken aufweisen.

2. Verwendung der Inserts:

- Stelle das Gewehr auf den Ransom Rest mit den installierten Inserts.
- Achte darauf, dass die Inserts die Rückstoßenergie absorbieren, bevor der mechanische Rückstoß erfolgt.
- Überprüfe die Stabilität der gesamten Einrichtung vor dem Schießen.

3. Nach der Verwendung:

- Reinige die Inserts und den Ransom Rest nach jedem Gebrauch, um Ablagerungen zu vermeiden.
- Lagere die Inserts an einem trockenen, kühlen Ort, um ihre Lebensdauer zu verlängern.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den lokalen Vorschriften für Kunststoffabfälle.
- Informiere dich über spezielle Recyclingprogramme in deiner Region, um die Umweltbelastung zu minimieren.

Kontaktinformationen für weitere Unterstützung

Für weitere Fragen oder Unterstützung zu den RANSOM GRIP INSERTS wende dich bitte an den Hersteller oder deinen Händler.

Diese Sicherheitsanleitung ist wichtig, um die sichere Verwendung der GRIP INSERTS zu gewährleisten und mögliche Risiken zu minimieren. Bitte halte dich an die genannten Richtlinien und Anweisungen.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR TISAS PX9 GEN2

Introduction

Thank you for choosing the Ransom International Grip Inserts for your TISAS PX9 Gen2. This guide provides essential safety instructions and guidelines to ensure the safe use of these grip inserts. Please read this document carefully before installation and usage.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that the grip inserts are compatible with your firearm model.
- Regularly inspect the grip inserts for any signs of wear or damage.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts, as these can cause damage to your firearm and result in unsafe conditions.
- Report any unsafe product experiences or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- The grip inserts are designed to absorb recoil and vibration, mimicking the human hand.
- Avoid using hard inserts, as they can generate destructive recoil energy that may damage the gun.
- Ensure that the firearm is unloaded and pointed in a safe direction when installing or adjusting the grip inserts.
- Be cautious of the potential for injury or damage if improper inserts are used.
- Always use the grip inserts in accordance with the intended purpose, ensuring that they do not interfere with the safe operation of the firearm.

Instructions for Installation and Usage

1. Preparation

- Ensure that your firearm is unloaded.
- Gather all necessary tools for installation.

2. Installation

- Remove any existing grip inserts from the firearm.
- Align the Ransom Grip Inserts with the grip area of the firearm.
- Securely attach the grip inserts according to the manufacturer's instructions.
- Verify that the grip inserts are firmly in place before use.

3. Usage

- When using the firearm with the grip inserts, maintain proper handling techniques.
- Observe how the grip inserts absorb recoil and vibration during firing.
- Conduct tests in a controlled environment to ensure accuracy and safety.

4. PostUse

- After use, inspect the grip inserts for any wear or damage.
- Replace the grip inserts if any issues are detected.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not throw grip inserts in regular household waste if they are made from materials that require special disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of Ransom Grip Inserts, please refer to the manufacturer's contact resources. Ensure you have the product information ready for a more efficient inquiry.

Thank you for prioritizing safety while using the Ransom International Grip Inserts. Your careful adherence to these guidelines will help ensure a safe and effective experience.

Guida alle Istruzioni di Sicurezza per GRIP INSERTS RANSOM GRIP INSERTS PER TISAS PX9 GEN2

Introduzione

Benvenuti nella guida alle istruzioni di sicurezza per i GRIP INSERTS RANSOM progettati per il Ransom Rest. Questa guida è stata redatta per garantire un uso sicuro e ottimale del prodotto, in conformità con il Regolamento Generale sulla Sicurezza dei Prodotti (GPSR) dell'UE. Si prega di leggere attentamente queste istruzioni prima dell'uso.

Linee Guida Generali di Sicurezza

- Assicurarsi che il prodotto sia utilizzato solo per l'uso previsto.
- Non utilizzare inserti rigidi o in plastica stampati in 3D, in quanto possono danneggiare l'arma e compromettere la sicurezza.
- Controllare regolarmente il prodotto per segni di usura o danni.
- Tenere il prodotto lontano dalla portata di bambini e animali domestici.
- Segnalare eventuali prodotti difettosi o incidenti alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti Ransom sono progettati per assorbire il rinculo in modo simile a una mano umana. Utilizzare solo inserti Ransom per garantire prestazioni ottimali.
- Non utilizzare inserti rigidi, poiché possono ridurre la vita della canna e dell'arma.
- Essere consapevoli che il danno causato da inserti inadeguati potrebbe non essere immediatamente visibile, ma si accumula nel tempo.
- In caso di malfunzionamenti, un inserto rigido può causare infortuni o morte.

Istruzioni per l'Installazione e l'Uso

1. Preparazione:

- Assicurarsi che il Ransom Rest sia pulito e privo di detriti.
- Verificare che gli inserti Ransom siano compatibili con il modello TISAS PX9 GEN2.

2. Installazione:

- Posizionare gli inserti Ransom nel Ransom Rest seguendo le istruzioni fornite dal produttore.
- Assicurarsi che gli inserti siano saldamente fissati e non si muovano.

3. Uso:

- Utilizzare il Ransom Rest con gli inserti installati durante le sessioni di tiro.
- Monitorare le prestazioni e il comportamento del Ransom Rest durante l'uso.
- Dopo ogni sessione di tiro, controllare gli inserti per eventuali segni di usura o danni.

Istruzioni per lo Smaltimento

- Gli inserti Ransom non devono essere smaltiti insieme ai rifiuti domestici.
- Seguire le normative locali per lo smaltimento dei prodotti in plastica e dei materiali di scarto.
- Contattare le autorità locali per informazioni sul corretto smaltimento.

Informazioni di Contatto per Ulteriore Supporto

Per ulteriori informazioni o domande sulla sicurezza del prodotto, si prega di contattare il produttore o il punto di vendita autorizzato.

Conclusione

La sicurezza è la nostra priorità. Seguendo queste istruzioni e precauzioni, si può garantire un uso sicuro e efficace dei GRIP INSERTS RANSOM. Assicuratevi di rimanere informato sulle migliori pratiche di sicurezza e sulle eventuali segnalazioni di richiamo attraverso il sistema Safety Gate dell'UE.
