

GRIP INSERTS - RANSOM GRIP INSERTS FOR HI-POINT JHP45, JHP JXP10

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR HI-POINT JHP45, JHP JXP10
- Manufacturer: RANSOM
- Product no.: 430119594
- Mfr. No.: 30-300-73-02
- Delivery weight: 0.907kg
- UPC: 810132581427

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die GRIP INSERTS RANSOM GRIP INSERTS für HIPOINT JHP45, JHP JXP10

Einleitung

Herzlichen Glückwunsch zu deinem Kauf der RANSOM GRIP INSERTS! Diese Griffelinlagen sind speziell für die Verwendung mit dem HiPoint JHP45 und JHP JXP10 entwickelt worden. Um die Sicherheit und die optimale Leistung deines Gewehrs zu gewährleisten, ist es wichtig, die folgenden Sicherheitshinweise und Anweisungen zu befolgen.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die Griffelinlagen nur gemäß den Anweisungen des Herstellers verwendest.
- Überprüfe die Griffelinlagen regelmäßig auf Beschädigungen oder Abnutzung.
- Verwende niemals harte oder 3Dgedruckte Griffelinlagen, da diese das Gewehr beschädigen können.
- Halte die Griffelinlagen und das Gewehr außerhalb der Reichweite von Kindern und schutzbedürftigen Personen.
- Melde unsichere Produkte oder Vorfälle sofort den zuständigen Behörden.

Besondere Sicherheitsvorkehrungen für die Verwendung

- Die RANSOM Grip Inserts sind so konzipiert, dass sie die Rückstoßenergie absorbieren und die Vibrationen minimieren.
- Achte darauf, dass die Inserts korrekt installiert sind, um ihre Funktionalität zu gewährleisten.
- Vermeide die Verwendung von harten Griffelinlagen, da diese die Lebensdauer des Laufs und des Gewehrs verringern können.
- Wenn du Anzeichen von Beschädigungen oder Abnutzung bemerkst, stoppe die Verwendung sofort und kontaktiere den Hersteller.

Anweisungen für Installation und Verwendung

1. Installation der Griffelinlagen:

- Stelle sicher, dass das Gewehr entladen ist, bevor du mit der Installation beginnst.
- Entferne die alten Griffelinlagen, falls vorhanden.
- Setze die RANSOM Grip Inserts gemäß den Anweisungen des Herstellers ein.
- Überprüfe, ob die Inserts fest sitzen und keine Lücken aufweisen.

2. Verwendung der Griffelinlagen:

- Halte das Gewehr sicher und stabil, während du es benutzt.
- Achte darauf, dass die Inserts während des Schusses korrekt positioniert sind.
- Vermeide übermäßige Kraftanwendung, die die Griffelinlagen beschädigen könnte.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Griffelinlagen gemäß den örtlichen Vorschriften für die Abfallentsorgung.
- Informiere dich über Recyclingmöglichkeiten für Kunststoffe, um umweltfreundlich zu handeln.

Kontaktinformationen für weitere Unterstützung

- Für weitere Informationen oder Unterstützung zu den RANSOM Grip Inserts kontaktiere bitte den Hersteller oder besuche die offizielle Webseite.

Bitte beachte, dass diese Sicherheitshinweise dazu dienen, die sichere Verwendung der RANSOM Grip Inserts zu gewährleisten. Indem du diese Richtlinien befolgst, trägst du dazu bei, Risiken zu minimieren und die Lebensdauer deines Gewehrs zu verlängern.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR HIPOINT JHP45, JHP JXP10

Introduction

Thank you for choosing the Ransom International Grip Inserts for your HiPoint JHP45 and JHP JXP10. These grip inserts are designed to enhance your shooting experience by simulating the feel of the human hand during testing. However, it is essential to use these inserts safely and correctly to ensure both your safety and the longevity of your firearm.

General Safety Guidelines

- Always follow the manufacturer's instructions for installation and use.
- Ensure that you are familiar with the operation of your firearm before using the grip inserts.
- Use the grip inserts only with compatible firearms as specified by the manufacturer.
- Regularly inspect the grip inserts for signs of wear or damage before each use.
- Never use hard grip inserts or 3Dprinted plastic grip inserts with your Ransom Rest, as they can cause damage to your firearm.
- Be aware of your surroundings and ensure that you are in a safe environment when using firearms.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted plastic grip inserts. They can generate destructive recoil energy that may damage your firearm.
- **Understand Recoil Dynamics:** Recognize that vibration and recoil cannot be stopped; they must be controlled. The grip inserts are designed to absorb these forces and prevent them from being transferred to the gun.
- **Monitor for Damage:** Keep an eye on the condition of your firearm and the grip inserts. Damage may not be immediately visible but can accumulate over time.
- **Injury Risk:** Be aware that using inappropriate inserts may lead to decreased firearm performance, potential injury, or even death in extreme cases.
- **Testing Protocol:** When conducting destructive testing or accuracy testing, ensure that the inserts mimic humanlike recoil to avoid flawed test results.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction before installing the grip inserts.
- Read all instructions carefully before proceeding.

2. Installation:

- Remove any existing grip inserts from the Ransom Rest.
- Insert the Ransom International Grip Inserts into the designated slots, ensuring they are securely in place.
- Doublecheck that the inserts are properly aligned and fitted.

3. Usage:

- Place your firearm in the Ransom Rest with the installed grip inserts.
- Conduct your shooting tests while observing proper safety protocols.
- After each use, inspect the grip inserts for any signs of wear or damage.

4. PostUse Care:

- Clean the grip inserts according to the manufacturer's recommendations to maintain their condition.
- Store the grip inserts in a safe, dry place when not in use.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not dispose of grip inserts in regular household waste if they are made from materials that require special handling.
- Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or product support, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective shooting experience with your Ransom International Grip Inserts. Always prioritize safety and be mindful of the potential risks associated with improper use. Thank you for your attention to these guidelines, and enjoy your shooting experience!

Istruzioni di Sicurezza per i Grip Inserts Ransom per HiPoint JHP45 e JHP JXP10

Introduzione

Benvenuto nel manuale di istruzioni per i Grip Inserts Ransom progettati per il tuo HiPoint JHP45 e JHP JXP10. Questo documento fornisce informazioni importanti sulla sicurezza, sull'uso e sulla manutenzione di questi inserti. È fondamentale seguire queste linee guida per garantire un utilizzo sicuro e ottimale del prodotto.

Linee Guida Generali di Sicurezza

- Assicurati che il prodotto sia utilizzato esclusivamente per gli scopi previsti.
- Leggi attentamente tutte le istruzioni prima dell'uso.
- Non utilizzare grip inserts rigidi o in plastica stampata in 3D, poiché possono danneggiare l'arma.
- Controlla regolarmente il prodotto per segni di usura o danni.
- In caso di dubbi o domande, contatta un esperto.

Precauzioni di Sicurezza Specifiche per l'Uso

- I Grip Inserts Ransom sono progettati per replicare la durometria della mano umana e assorbire le vibrazioni.
- Non utilizzare grip inserts rigidi, poiché possono causare danni all'arma e aumentare il rischio di infortuni.
- Il prodotto deve essere utilizzato solo da adulti e in contesti appropriati. Non adatto a bambini.
- Se noti vibrazioni eccessive o altri problemi durante l'uso, interrompi immediatamente l'uso e controlla il prodotto.

Istruzioni per l'Installazione e l'Uso

1. Installazione:

- Assicurati che l'arma sia scarica prima di procedere all'installazione.
- Rimuovi eventuali grip inserts precedenti.
- Posiziona i Grip Inserts Ransom nel supporto dell'arma, assicurandoti che siano allineati correttamente.
- Fissa gli inserti seguendo le istruzioni specifiche fornite dal produttore.

2. Uso:

- Utilizza l'arma in un ambiente controllato e sicuro.
- Monitora attentamente le prestazioni dell'arma durante il test.
- Assicurati che l'arma sia sempre in condizioni ottimali prima di ogni utilizzo.

Istruzioni per lo Smaltimento

- Gli inserti usurati o danneggiati devono essere smaltiti in conformità con le normative locali sui rifiuti.
- Non gettare gli inserti nel normale rifiuto domestico. Contatta le autorità locali per informazioni sullo smaltimento corretto.

Informazioni per Ulteriori Supporto

Per qualsiasi domanda o per segnalare prodotti non sicuri, è importante contattare le autorità competenti nella tua area. Controlla regolarmente gli aggiornamenti sui richiami di prodotti attraverso la piattaforma Safety Gate

dell'Unione Europea.

Conclusione

Seguire queste istruzioni e linee guida di sicurezza contribuirà a garantire un utilizzo sicuro e efficace dei Grip Inserts Ransom per HiPoint JHP45 e JHP JXP10. La sicurezza è una responsabilità condivisa; fai la tua parte per utilizzare il prodotto in modo responsabile e sicuro.
