

GRIP INSERTS - RANSOM GRIP INSERTS FOR HI-POINT YC9

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR HI-POINT YC9
- Manufacturer: RANSOM
- Product no.: 430119596
- Mfr. No.: 30-300-73-03
- Delivery weight: 0.907kg
- UPC: 810132581434

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die GRIP INSERTS von RANSOM

Einführung

Herzlichen Glückwunsch zu deinem Kauf der GRIP INSERTS RANSOM GRIP INSERTS für HIPOINT YC9! Diese Inserts sind speziell entwickelt, um dein Schießerlebnis zu verbessern und gleichzeitig die Sicherheit deines Gewehrs zu gewährleisten. Bitte lies die folgenden Sicherheitshinweise sorgfältig durch, um eine sichere und effektive Nutzung zu gewährleisten.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die GRIP INSERTS nur gemäß den Anweisungen verwendest.
- Halte die Inserts von Kindern fern, um Verletzungen zu vermeiden.
- Überprüfe regelmäßig die Inserts auf Beschädigungen und ersetze sie bei Bedarf.
- Melde unsichere Produkte oder Unfälle den zuständigen Behörden.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Vermeide die Verwendung von harten oder 3Dgedruckten Inserts, da diese deinem Gewehr schaden können.
- Achte darauf, dass die Inserts korrekt installiert sind, um eine optimale Leistung zu gewährleisten.
- Verwende die Inserts nur mit dem Master Series Ransom Rest, um die besten Ergebnisse zu erzielen.
- Sei dir bewusst, dass harte Inserts eine destruktive Rückstoßenergie erzeugen können, die die Lebensdauer deines Gewehrs beeinträchtigt.

Anweisungen für Installation und Nutzung

1. Vorbereitung

- Überprüfe die GRIP INSERTS auf sichtbare Schäden.
- Stelle sicher, dass dein Gewehr sicher und stabil auf dem Ransom Rest montiert ist.

2. Installation der Inserts

- Entferne die alten Inserts, falls vorhanden.
- Setze die GRIP INSERTS an der vorgesehenen Stelle ein, bis sie fest sitzen.
- Überprüfe, ob die Inserts korrekt ausgerichtet sind.

3. Nutzung

- Beginne mit dem Schießen, indem du die Waffe in einer stabilen Position hältst.
- Achte darauf, dass die Inserts die Vibration und den Rückstoß absorbieren, bevor die Maschine reagiert.
- Vermeide übermäßige Belastung der Inserts, um Schäden zu verhindern.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für die Abfallentsorgung.
- Achte darauf, dass die Inserts nicht im normalen Hausmüll entsorgt werden, um Umweltschäden zu vermeiden.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder Bedenken bezüglich der Sicherheit der GRIP INSERTS wende dich bitte an den Hersteller oder an die zuständigen Behörden. Achte darauf, alle Sicherheitsrichtlinien zu befolgen, um die bestmögliche Leistung und Sicherheit zu gewährleisten.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR HIPOINT YC9

Introduction

Thank you for choosing the Ransom International Grip Inserts for your HiPoint YC9. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the grip inserts are compatible with your firearm model before installation.
- Always follow the manufacturer's instructions for use and maintenance.
- Be aware of the potential hazards associated with improper use of grip inserts.
- Report any unsafe products or incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted plastic grip inserts. These can damage the firearm and produce inaccurate test results.
- **Understand Recoil Dynamics:** Hard inserts do not replicate the natural recoil absorption of the human hand, which may result in destructive recoil energy affecting the firearm.
- **Monitor for Damage:** Inspect your firearm regularly for signs of wear or damage that may arise from using inappropriate grip inserts.
- **Use Correctly:** Ensure that the grip inserts are installed correctly to avoid any malfunction or injury during use.

Instructions for Installation and Usage

1. Installation:

- Remove any existing grip inserts from your firearm.
- Clean the grip area to ensure a secure fit for the new inserts.
- Align the Ransom grip inserts with the grip area of your firearm.
- Press the inserts firmly into place until they are secure.

2. Usage:

- When using the Ransom Rest, ensure that the machine is positioned correctly and securely before firing.
- Observe the firearm's behavior during testing. The grip inserts should absorb the initial recoil and vibration effectively.
- Do not exceed the recommended number of shots during a single testing session to prevent undue stress on the firearm.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local waste disposal regulations.
- Do not throw grip inserts into regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For further assistance, please refer to the manufacturer's website or customer service resources. Ensure that you have your product details available.

Thank you for ensuring safe practices while using the Ransom International Grip Inserts. Your safety is our priority.

Istruzioni di Sicurezza per GRIP INSERTS RANSOM

GRIP INSERTS PER HIPOINT YC9

Introduzione

Grazie per aver scelto i GRIP INSERTS RANSOM per il tuo Master Series Ransom Rest. Questo prodotto è progettato per migliorare le prestazioni durante i test di tiro. È fondamentale seguire attentamente le istruzioni di sicurezza per garantire un uso corretto e sicuro.

Linee Guida Generali di Sicurezza

- Assicurati che il prodotto sia utilizzato esclusivamente per lo scopo previsto.
- Non utilizzare inserti rigidi o inserti in plastica stampati in 3D, poiché possono danneggiare l'arma e compromettere la sicurezza.
- Controlla regolarmente il prodotto per eventuali segni di usura o danni.
- Tieni il prodotto lontano dalla portata di bambini e animali domestici.
- In caso di problemi o malfunzionamenti, interrompi immediatamente l'uso e contatta un professionista.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti sono progettati per imitare il durometro della mano umana. Utilizzare solo gli inserti Ransom per garantire prestazioni ottimali.
- Non tentare di modificare o riparare gli inserti. Qualsiasi modifica potrebbe compromettere la sicurezza e le prestazioni.
- Durante l'installazione, assicurati che gli inserti siano ben fissati e che non ci siano parti allentate.
- Non utilizzare il Ransom Rest in condizioni meteorologiche avverse o su superfici instabili.
- Segui sempre le istruzioni del produttore per l'uso del tuo Master Series Ransom Rest.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli Inserti:

- Assicurati che il Ransom Rest sia pulito e privo di detriti.
- Posiziona gli inserti Ransom nel punto designato del Ransom Rest.
- Fissa gli inserti in modo sicuro seguendo le istruzioni specifiche del prodotto.

2. Uso del Ransom Rest:

- Posiziona l'arma nel Ransom Rest in modo che sia stabilmente supportata.
- Esegui il test di tiro seguendo le procedure standard di sicurezza per il tiro.
- Monitora attentamente il comportamento dell'arma durante il test. Se noti vibrazioni anomale o altri problemi, interrompi il test immediatamente.

Istruzioni per lo Smaltimento

- Gli inserti Ransom non devono essere smaltiti insieme ai rifiuti domestici. Segui le normative locali per lo smaltimento di prodotti di plastica e materiali compositi.
- Se non sei sicuro di come smaltire il prodotto, contatta il tuo comune o un centro di raccolta rifiuti per ricevere indicazioni.

Informazioni di Contatto per Ulteriore Supporto

Per domande o preoccupazioni riguardanti la sicurezza del prodotto, ti invitiamo a contattare il produttore o il rivenditore autorizzato. Assicurati di avere a disposizione il numero di modello e la data di acquisto per una gestione più rapida delle tue richieste.

Seguendo queste istruzioni e linee guida di sicurezza, puoi garantire un uso efficace e sicuro dei GRIP INSERTS RANSOM per il tuo Master Series Ransom Rest. La tua sicurezza e quella degli altri sono la nostra priorità.
