

DEADLOCK CHARGING HANDLE CQB FOR DANIEL DEFENSE PCC - SENTRY MANUFACTURING DEADLOCK CHARGING HANDLE CQB FOR DANIEL DEFENSE PCC FDE

SENTRY MANUFACTURING DEADLOCK CHARGING HANDLE CQB FOR DANIEL DEFENSE PCC Developed for the Daniel Defense MILE team and intended for military and law enforcement applications, this proprietary charging handle brings Sentry Manufacturing's patented technologies to the Daniel Defense PCC platform, delivering exceptional performance, reliability, and long-term durability. Designed for demanding operational environments, it enhances weapon handling while helping ensure consistent function under adverse conditions. The charging handle utilizes patent-pending dual-locking technology to reduce the risk of inadvertent charging handle movement caused by equipment snags or accidental contact. By minimizing unintended movement, the system helps reduce the potential for weapon malfunctions and increases confidence during critical use. Its independent dual-latch architecture allows the charging handle to remain operational even if one wing becomes damaged. The design also provides balanced actuation forces, resulting in smooth, consistent manipulation and improved user control from either side. Advanced gas-management technology includes a patented hard-stop gas key channel and full upper-receiver encompassing high-shelf geometry. These features work together to significantly reduce gas blowback to the shooter, enhancing comfort and performance during extended firing sessions. Aggressive texturing on both the operating wings and activation buttons ensures a secure, positive grip in challenging conditions. Whether wearing gloves or operating in wet, muddy, or high-stress environments, users can maintain reliable control and manipulation of the charging handle. A reinforced angled gusset at the gas key contact interface provides increased structural strength, delivering approximately 30% greater durability than conventional charging handle designs. This enhanced construction helps the charging handle withstand the rigors of hard use and repeated cycling. Precision-machined from 7075-T6 aircraft-grade aluminum and finished with MIL-SPEC Type III hard-coat anodizing, the charging handle offers outstanding resistance to wear, corrosion, and environmental exposure while maintaining long service life. Each DEADLOCK charging handle includes a button override pin, allowing conversion to traditional charging handle operation when desired. The assembly also incorporates U.S.-manufactured extreme-duty hardware throughout, ensuring dependable performance and durability in professional applications. FEATURES Patented DEADLOCK dual locking system that eliminates snags from causing unwanted weapon charging or malfunctions Truly ambidextrous wing design with independent latch engagement; allowing the charging handle to continue normal operation with either wing missing. This design also provides equal wing tension for smoother operation Aggressive wing and button texturing provide a secure grip in even the harshest environments Angled gusset at gas key contact point proves 30% greater strength than standard charging handles, resulting in less failures during hard use All handles ship with a button override pin, allowing the button to be pinned forward and DEADLOCK to be used as a traditional charging handle Patented shortened hard stop gas key channel and complete upper encompassing high shelf design for unparalleled gas blowback mitigation ALL parts are precision milled from aircraft grade 7075 aluminum and type III hard anodized for longevity and corrosion resistance Extreme duty, US made hardware

Sicherheitshinweise für den DEADLOCK CHARGING HANDLE CQB für Daniel Defense PCC

Einführung

Herzlichen Glückwunsch zu deinem Kauf des DEADLOCK CHARGING HANDLE CQB für Daniel Defense PCC! Dieses Produkt wurde entwickelt, um dir eine sichere und zuverlässige Nutzung zu bieten. Bitte lies diese Sicherheitshinweise sorgfältig durch, um sicherzustellen, dass du das Produkt sicher verwendest und die besten Ergebnisse erzielst.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass das Produkt für den vorgesehenen Zweck verwendet wird.
- Bewahre das Produkt außerhalb der Reichweite von Kindern auf.
- Überprüfe das Produkt regelmäßig auf Beschädigungen oder Abnutzungserscheinungen.
- Melde unsichere Produkte und Unfälle den zuständigen Behörden.
- Halte dich über Rückrufinformationen auf der EU Safety GatePlattform auf dem Laufenden.

Spezifische Sicherheitsvorkehrungen für die Nutzung

- **Vermeide unsachgemäße Verwendung:** Nutze den Ladegriff nur gemäß den Anweisungen.
- **Achte auf deine Umgebung:** Vermeide die Verwendung in nassen oder schlammigen Bedingungen, wenn der Halt beeinträchtigt sein könnte.
- **Trage geeignete Schutzausrüstung:** Bei der Nutzung des Ladegriffs in extremen Bedingungen sollten Handschuhe getragen werden.
- **Überprüfe die Funktionalität:** Stelle sicher, dass der Ladegriff vor jedem Gebrauch ordnungsgemäß funktioniert.

Anweisungen für Installation und Nutzung

1. Installation:

- Entferne den alten Ladegriff gemäß den Anweisungen des Herstellers.
- Setze den DEADLOCK CHARGING HANDLE CQB in die vorgesehenen Halterungen ein.
- Stelle sicher, dass der Ladegriff sicher befestigt ist.

2. Nutzung:

- Betätige den Ladegriff mit einer Hand, um eine sichere Handhabung zu gewährleisten.
- Nutze den Button Override Pin, um auf den traditionellen Ladegriffbetrieb umzuschalten, falls nötig.
- Überprüfe regelmäßig den Zustand des Ladegriffs während des Gebrauchs.

Entsorgungsanweisungen

- Entsorge das Produkt gemäß den örtlichen Vorschriften für Elektroschrott.
- Achte darauf, dass alle Teile des Ladegriffs umweltgerecht entsorgt werden.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder weitere Informationen zu diesem Produkt, kontaktiere bitte den Hersteller oder deinen Händler. Achte darauf, alle Informationen zur Sicherheit und Nutzung des Produkts zu beachten.

Vielen Dank, dass du dich für den DEADLOCK CHARGING HANDLE CQB entschieden hast. Wir wünschen dir viel Freude und Sicherheit bei der Nutzung!

Safety Instruction Guide for DEADLOCK CHARGING HANDLE CQB FOR DANIEL DEFENSE PCC

Introduction

Thank you for choosing the Sentry Manufacturing Deadlock Charging Handle CQB for Daniel Defense PCC. This product is designed for military and law enforcement applications, providing enhanced weapon handling and reliability. To ensure your safety and the optimal performance of this product, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that the charging handle is compatible with your weapon system before installation.
- Always handle firearms with care and follow standard safety practices.
- Keep the charging handle and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the charging handle for any signs of wear or damage before use.
- If you notice any irregularities or malfunctions, cease use immediately and seek professional assistance.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as eye and ear protection, when operating firearms.
- Ensure the firearm is in a safe condition before installing or adjusting the charging handle.
- Avoid using the charging handle in extreme conditions that may impair its functionality, such as extreme heat or cold.
- Be mindful of the duallocking mechanism; ensure it is functioning correctly to prevent inadvertent movement.
- Do not attempt to modify or disassemble the charging handle, as this may compromise its safety and effectiveness.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure the firearm is unloaded and in a safe condition.
2. **Remove Old Charging Handle:** If applicable, carefully remove the existing charging handle from the firearm.
3. **Align the Charging Handle:** Position the Deadlock Charging Handle in the receiver, ensuring it aligns correctly with the gas key.
4. **Secure the Charging Handle:** Follow the manufacturer's instructions to secure the charging handle in place.
5. **Function Check:** Before use, perform a function check to ensure smooth operation.

Usage

- To operate the charging handle, grasp the wings or buttons firmly.
- Pull back on the charging handle smoothly to chamber a round or clear the firearm.
- Maintain a secure grip, especially in adverse conditions, to ensure reliable operation.
- If the charging handle becomes stuck or difficult to operate, cease use and inspect for obstructions or damage.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations regarding electronic waste and metal recycling.
- Do not dispose of the charging handle in regular household waste.
- If the product is damaged beyond repair, contact local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, product performance, or support, please refer to the manufacturer's contact information provided with the product packaging.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your Deadlock Charging Handle CQB for Daniel Defense PCC. Thank you for your attention to safety and responsible firearm handling.

Guida alle Istruzioni di Sicurezza per la Maniglia di Ricarica DEADLOCK CQB

Introduzione

Grazie per aver scelto la maniglia di ricarica DEADLOCK CQB per Daniel Defense PCC di SENTRY MANUFACTURING. Questo prodotto è progettato per offrire prestazioni eccezionali e affidabilità in applicazioni militari e di polizia. È importante seguire le linee guida di sicurezza per garantire un uso corretto e sicuro del prodotto.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare la maniglia di ricarica solo per l'uso previsto.
- Controlla regolarmente la maniglia per eventuali segni di usura o danni.
- Non utilizzare la maniglia se presenta difetti visibili o se non funziona correttamente.
- Tieni il prodotto lontano dalla portata di bambini e gruppi vulnerabili.
- Segnala eventuali prodotti non sicuri o incidenti alle autorità competenti.
- Controlla gli aggiornamenti sui richiami sulla piattaforma Safety Gate dell'UE.

Precauzioni di Sicurezza Specifiche per l'Uso

- Utilizza sempre la maniglia di ricarica con entrambe le mani per garantire un controllo ottimale.
- Assicurati che la maniglia sia completamente bloccata prima di utilizzare l'arma.
- Evita di forzare la maniglia se si blocca o non funziona correttamente.
- Indossa guanti appropriati quando utilizzi la maniglia in condizioni difficili.
- Non utilizzare la maniglia in ambienti estremi senza protezione adeguata.
- Segui tutte le normative locali riguardanti l'uso delle armi e dei loro accessori.

Istruzioni per l'Installazione e l'Uso

1. Installazione della Maniglia di Ricarica

- Rimuovi la maniglia di ricarica originale, se presente.
- Posiziona la maniglia di ricarica DEADLOCK CQB nel suo alloggiamento.
- Assicurati che sia allineata correttamente e bloccata in posizione.
- Controlla che non ci siano spazi vuoti o movimenti indesiderati.

2. Uso della Maniglia di Ricarica

- Afferrala saldamente con entrambe le mani.
- Tira indietro la maniglia per ricaricare l'arma.
- Rilascia la maniglia per permettere il ritorno alla posizione iniziale.
- Verifica che la maniglia funzioni senza intoppi e senza resistenza.

Istruzioni per lo Smaltimento

- Quando non è più necessario, smaltisci la maniglia di ricarica in conformità con le normative locali sui rifiuti.
- Non gettare il prodotto nell'ambiente; utilizza i centri di raccolta autorizzati.
- Assicurati che tutte le parti siano disassemblate e smaltite in modo sicuro.

Informazioni di Contatto per Ulteriore Supporto

Per domande o ulteriori informazioni sulla sicurezza e sull'uso della maniglia di ricarica DEADLOCK CQB, ti invitiamo a contattare il tuo rivenditore o il produttore.
